PLAN FIGHT TO CURB COURT

America's Highest Tribunal Facing Limitation of Authority

By WILLIAM K. HUTCHINSON For International News Service WASHINGTON, April 10.—Progressive circles in congress seethed today with renewed demands for a constitutional amendment designed to curb the present unlimited power of the United States supreme court to declare legislature unconstitutional by the barest of majorities.

The latest decision, overthrowing the woman's minimum wage law, follows closely on the heels of another famous decision declaring the child labor law unconstitutional. In the child labor case, it was a five to four decision, in the minimum wage case it was 5 to 3, and only the fact that Justice Louis D. Brandeis refrained from voting prevented it being another 5 to 4 decision.

Both these decisions have aroused congressmen to a point where legislation to limit the court's powers is virtually certain of introduction in the next congress. Senator William E. Borah, Republican of Idaho, told the International News Service today that as soon as the next congress convenes he will introduce a bill compelling a 7 to 2 vote by the court before it can declare an act of congress unconstitutional.

Another plan, sponsored by Senator La Follette, Republican of Wisconsin, would give congress the power to re-enact laws by a two-thirds vote over an adverse decision by the supreme court. This plan, necessitating a constitutional amendment, would give congress the same power to override the supreme court as it now possesses in setting aside a presidential veto.

Aristocratic Families Involved in Slaying

SALT LAKE CITY, April 10.—Marringer A. Browning of Ogden, general manager of the Lion Coal Company, treasurer of Browning Brothers Company, director in many enterprises, and member of one of Utah's most famous families, is in jail here, facing probable murder charges for the slaying last yesterday of Benjamin F. Ballantyne, scion of another well-known old family and husband of the alleged killer's cousin.

HURT IN CAR CRASH LOS ANGELES, April 10.—Thirteen persons who narrowly escaped death when a yellow street car in which they were riding was dragged for fifty feet by a Pacific Electric train with which it collided today were suffering from injuries of a varied nature. Mrs. Lou Pearce, 72 years old, was pronounced in a critical condition by attending physicians.

RAINFALL IN SOUTH LOS ANGELES, April 10.—Generous rainfall blanketed nearly every section of southern California today, with the exception of Imperial Valley, according to reports to the weather bureau. The rainfall which was reported as more or less steady will probably continue throughout today and tomorrow.

PROBE SUICIDE LOS ANGELES, April 10.—Police authorities today investigated the pathetic suicide of Miss Lillian Williams, 16 years old, who ended her life when reproved by her mother for having remained away from home over night.

BAR OIL MEN FROM ALASKA FORESTS WASHINGTON, April 10.—Prospecting for oil or gas upon the government's spruce reservation in Alaska will not be permitted, it was announced at the department of interior today. The decision followed an application from a prospector for a permit to prospect for oil and gas near Juneau.

STEEL TRUST'S UNFILLED ORDERS GROW NEW YORK, April 10.—The United States Steel Corporation today reported unfilled orders on its books as of March 1, last, amounting to 7,403,332 tons against 7,283,989 tons on February 28, an increase of 119,343 tons.

CALIF. PRODUCERS JOIN OIL PRICE SLASH SAN FRANCISCO, April 10.—All of the big California producers today joined the Standard Oil Company in reducing gasoline one cent a gallon, bringing the price to 19 cents a gallon at service stations. Engine distillate was cut one-half cent a gallon.

Hugo Stinnes Is Placed In Box Car By Soldiers

DORTMUND, Germany, April 10.—Hugo Stinnes, the richest and most powerful industrial magnate in Germany, was taken from a train by French soldiers at Scharnhorst today and imprisoned in a box car while his baggage was searched. Later he was released.

Herr Stinnes was accompanied by his wife. They were en route from Berlin to their home in Mulheim. When the train halted at Scharnhorst in the Ruhr, French soldiers boarded it and passed down the line of sleeping cars. It was shortly after 6 o'clock and most of the passengers were still in their compartments.

When the French learned that Herr Stinnes was on board they immediately ordered him to dress and accompany them.

Herr Stinnes and his wife continued their journey.

INTERURBAN BUS LINES EXPECTED

C. D. Gulick Says Permits Are Due From Railroad Board Shortly

C. D. Gulick expects his applications before the State Railroad Commission to be granted within the next few days, he states, and there is a possibility that they may be granted today.

These applications, twelve in number, call for the establishment and operation of passenger auto bus service between Los Angeles, Glendale, Griffith park and other points, and have been occasioned by Mr. Gulick's frequent trips to the Los Angeles offices of the commission, where the case is being heard before Examiner W. J. Handford.

Places Order for Buses Four of these applications cover Glendale service, explains Mr. Gulick, who states that, in addition to the Verdugo hills line, he plans the operation of other Glendale bus service.

In anticipation of the granting of his applications, Mr. Gulick states that his company has placed an order for thirty-five motor buses of the type specified, and that these will be in operation well inside the ninety-day period granted by the Glendale City Council, provided the State Railroad Commission hearings terminate satisfactorily.

Two Big Questions Before Legislature SACRAMENTO, April 10.—Supplement A, the budget appropriations, commended by Governor Richardson, vies with re-apportionment in the two-wing midweek circus of the California legislature.

Elimination of the Sonoma State Farm home for delinquent women is stirring up a storm among club women, although increases for the various departments seemingly meet with favor. The assembly ways and means committee last night unanimously adopted the recommendations presented, as did the Senate finance committee.

Season's Rainfall Is Now Total 11.51 In. Glendale received its share of the spring showers that fell in abundance during the last twenty-four hours over Southern California.

According to H. E. Bartlett, weather recorder of 333 West Broadway, .65 of an inch of rain fell in Glendale during the past twenty-four hours, boosting the seasonal record up to 11.51 inches.

TO FILL VACANCY WASHINGTON, April 10.—President Harding will name a federal reserve board this week new "dirt" farmer member of the to fill the vacancy caused by the death of Milo D. Campbell of Michigan, it was learned officially at the White House this afternoon. The appointment is expected to be made from the middle west.

BUSINESS IS STEADILY GROWING

Apartments and Garages to Be Built; Total for Year \$3,226,718

Over \$38,000 worth of building permits were issued yesterday at the city hall. This sum increased the total for the year to \$3,226,718, while it increased the total for the month to date to \$207,563.

Table listing building permits issued yesterday, including details like address, room count, and value.

Auto Proves Aid in Capture of Burglar

Officer William LaRock is being congratulated upon the arrest of Harry Webster of Los Angeles, who was captured yesterday afternoon with two suitcases full of loot which he had stolen from the home of William A. Gibson at 518 East Windsor road and was attempting to take back to Los Angeles with him.

Webster was observed leaving by a neighbor, who informed the police department. Crouching in the bottom of an automobile driven by Mrs. Jessie Birdsall of Lynwood, Officer LaRock was able to get directly behind Webster, who had mistaken Glendale avenue for Brand boulevard and was waiting at Windsor road for a street car.

Articles stolen from the Gibson home included two suits of clothes and several hundred dollars' worth of jewelry. An investigation is being conducted by Col. J. D. Fraser, chief of the local police department, to ascertain Webster's record, and if he has committed any other burglaries in this vicinity. He is now in the Los Angeles city jail.

Two Big Questions Before Legislature

SACRAMENTO, April 10.—Supplement A, the budget appropriations, commended by Governor Richardson, vies with re-apportionment in the two-wing midweek circus of the California legislature.

Elimination of the Sonoma State Farm home for delinquent women is stirring up a storm among club women, although increases for the various departments seemingly meet with favor. The assembly ways and means committee last night unanimously adopted the recommendations presented, as did the Senate finance committee.

Campbell of Michigan, it was learned officially at the White House this afternoon. The appointment is expected to be made from the middle west.

Stuyvesant Fish Financier, Dies At Bank's Door

NEW YORK, April 10.—Stuyvesant Fish, well known financier, died suddenly here today. The financier dropped dead as he was entering the National Park bank to attend a meeting of the board of directors.

He was observed by passing brokers and bankers who had a moment before nodded him a morning greeting, to pause and sway. His hands went up spasmodically to his heart. Then he fell. Death was almost instantaneous from heart disease.

Fish was born in New York City June 24, 1851, the son of Hamilton Fish, secretary of state in the cabinet of President Grant. He graduated from Columbia university when he was 20 years old, and went to work as clerk for the Illinois Central railroad.

He showed such aptitude that he was made secretary to the president of the road next year. He became a director of the railroad when he was 36. Soon he was interested in a score of railroads and financial institutions and achieved honors in international affairs.

OIL HEIRESS WILL WED SUITOR

Mathilde McCormick Plans to Marry Swiss Lover Inside 3 Weeks

By F. A. WRAY For International News Service Copyright, 1923, International News LONDON, April 10.—Pretty 18 year old Mathilde McCormick, granddaughter of John D. Rockefeller, who spent the winter in Paris and London preparing her trousseau, is returning to Switzerland to be married to her mid-aged Swiss suitor, Major Max Oser, a former instructor in equestrianism, it was learned here today.

Miss McCormick became of age on Saturday—under the American laws, which is 18. "Miss McCormick left London immediately after she became of age and is now on her way to Basle, Switzerland, where Major Oser is living," said Miss Julia Mangold, traveling companion of Mathilde, an exclusive statement to International News Service. "They will be married in two or three weeks. They are merely awaiting the arrival of Miss McCormick's father, who will give her away at the nuptial ceremony. Miss McCormick spent the winter in Paris and London, getting her trousseau ready. It is now complete and the only thing delaying the marriage is the absence of her father."

Harold F. McCormick, father of Mathilde, a multi-millionaire Chicago manufacturer, and husband of Ganna Walska, the beautiful Polish opera singer, is at present in Chicago.

Living in London Miss McCormick, accompanied by Miss Mangold, came to London the first of the year and rented a pretty, cozy flat in the Kensington section. They lived so quietly that news of their residence in London failed to leak out. At times they made flying trips to Paris to purchase frocks in the fashionable dressmaking establishments.

While Miss Mangold refused to throw any further light upon the plans of Miss McCormick and Major Oser, it is understood they will make their home in an old-fashioned chateau in Switzerland. Both are fond of outdoor life, especially horseback riding. The father of Miss Mangold, who lives at Lucerne, has been caring for the favorite riding horses of Mathilde and Major Oser all winter.

Treasury Agent Here To Find Czar's Gems

LOS ANGELES, April 10.—Search will be started in or near Los Angeles sometime this week by William Williams, special agent for the United States treasury department, for a portion of the czar's crown jewels, worth \$4,000,000, which were stolen at the time of the Russian ruler's assassination, it was learned from an authentic source here today. Williams is due to arrive in Los Angeles some time today or tomorrow from the east to take up the task of finding the jewels which have been sought by government agents for months. Information upon which Williams will base his efforts for the jewels was uncovered here over a month ago during a visit to Los Angeles by N. G. Van Dorn, chief agent of the United States treasury department, who was here supposedly on a tour of inspection of the service.

100,000 AT WORKMEN'S FUNERAL

Ruhr Valley Mourners March In Hour Long Cortège of Krupp's Men

By S. D. WEYER For International News Service ESSEN, April 10.—With church bells throughout Germany tolling and with at least 100,000 men, women and children in the funeral cortège, Krupp's today buried their dead workmen, who were killed by French soldiers on March 21.

Owing to the absence of police power the handling of such an immense throng was almost a super-human problem. It was the third time in German history that an event of such magnitude had been carried on without police supervision. The cortège included 55,000 Krupp workers. Tens of thousands of employees of other factories and mines throughout the Ruhr flocked into Essen. From the Thyssen plants alone there were about 25,000 workers. They gathered about the city hall and, as many of them were ex-soldiers, they began falling into line.

Signs of Mourning All the streets in the vicinity of the city hall were crammed with people. Almost every building bore a flag, either half masted or else tied with crepe to denote mourning. These flags were of all types and colors. Each trade union and turnverein had its flags while visiting organizations brought their own emblems. At a few windows, particularly at the homes of nationalists, the old black, white and red flag of the empire could be observed.

Many of the workers of the procession carried flags and it was significant that most of them were the red flag of communism. The formal cortège was led by three hearses containing the bodies. In addition to those actually shot to death, there was the body of another victim—a man who had died from heart failure during the shooting.

Loaded with Flowers After the hearses came the relatives in carriages and members of the Krupp family. Then followed delegations from various organizations of workmen. One group carried hundreds of wreaths of flowers, including floral tributes from President Ebert and Chancellor Cuno. The coffin containing the body of the communist member of the Krupp workers' council, Zander by name, was particularly rich in flowers. It took more than an hour for the slowly moving mass of people to reach the cemetery.

Dates Are Selected For Summer Outing

Decision of dates for the summer camp at Catalina island and talk of a Y. M. C. A. building for Glendale at some future time, occupied the time at the luncheon meeting of Y. M. C. A. executives at the C. & S. cafeteria yesterday noon.

The summer camp is to be held from June 20 to July 10, and Rex C. Kelley, local secretary, is making extensive plans for the outing.

Harry O. Hill, state secretary, was a guest yesterday and spoke on a Y. M. C. A. building or Glendale, urging the local men to locate a site for the building, which would be erected in the course of three years or so.

Present at the luncheon were David Black, chairman; C. D. Lusby, treasurer; Rex C. Kelley, secretary; H. S. Pippy, C. W. Ingledue, W. F. Tower, J. S. Thompson and P. H. Arnold of Glendale; T. E. Stevenson and T. E. McGuire of Burbank, board members, and J. H. Gifkerson and Mr. Clapp and Mr. Hill, guests.

Harding's Coast Tour To Start on June 20

WASHINGTON, April 10.—President Harding's forthcoming tour of the middle-west and Pacific coast will start about June 20, when he plans to leave Washington for Alaska, it was announced officially at the White House this afternoon.

Little Red School House And Modern Educational Methods To Clash, Plan Of Superintendent

SACRAMENTO, April 10.—The little red school house versus modern educational methods. To test charges that modern education has failed to maintain the standards of two decades ago when only the 3 R's were stressed, Will C. Wood, state superintendent of public instruction, today announced a unique contest.

A prize of \$100 is offered the winner. Any community in California having more than 15,000 population may enter the contest. The names of all members of the chamber of commerce of the community who are 40 years of age or over will be written on slips of paper and placed in a box. The names of fifteen will be drawn to represent education of two decades ago.

In similar fashion, by lot, the names of fifteen prospective graduates will be selected. Not more than two minutes before the contest begins, the president of the Chamber of Commerce and the principal of the high school will select a page from Emerson's Essays to be dictated to the contestants.

The contestants are to write what is dictated, paying careful attention to spelling, sentence arrangement, paragraphing, capitalization and punctuation. The papers are to be scored by professors of English at the University of California.

The old-timers will not be permitted to send their "stenogs" as proxies in the contest. Wood also plans a contest in reading between the "old-timers" and children of the sixth grade.

The contest is a result of charges of Governor Friend W. Richardson that the present expensive school system is virtually a failure as compared with the old-time educational system under which the "fundamentals" were stressed.

C. Of C. Directors Select Committees To Carry On Organization's Year Work

The following is the list of committees that have been nominated and confirmed by the directors of the Glendale Chamber of Commerce, in accordance with the by-laws of the organization, and within a few days a meeting will be called at which the program for the coming year will be worked out in detail.

ADVERTISING AND PUBLICITY W. L. Twining, Chairman. H. S. McCormick, V. Chairman. Claude Putnam. W. H. Reeves. C. J. Hatz.

Eastman.

RAIN MAKES LIGHT VOTE RECORDED

Polls to Remain Open Until 7 P. M.; Evening News To Post Results

This is election day in Glendale. Seven candidates are in the field for the two vacancies in the city council. Candidates are Frank Booth, Sidney S. Gilhuly, Asa Hall, W. A. Horn, A. H. Lapham, Allen O. Martin and Don H. Webb.

In addition, Mrs. Nettie C. Brown and Dr. Presly O. Lucas are candidates to succeed themselves on the grammar school board of education.

Interest centers in the choice of councilmen, the approval of a bond issue for \$49,000 with which to purchase the municipal airport and water-bearing lands, and the proposition to sell for \$100 a two-acre site on the northeast corner of Mountain and Louise streets as a building site for the American legion.

Six amendments to the local charter are being voted upon and a proposition involving the method of paying for electricity consumed in ornamental street lights.

Returns At The News Of the charter amendments, the first one on the ballot, that providing a revolving fund to permit the city carrying on street improvements and laying water mains, is causing the most interest.

Arrangements have been completed by The Glendale Evening News to gather and present the election returns tonight. The results will be announced and posted at this office, 139 South Brand boulevard.

Polls were opened at 6 o'clock a. m. and will be closed at 7 p. m. Owing to the down-pour of rain this morning many commuters were prevented from casting their ballots before leaving for Los Angeles. As a result a light vote was cast during the early morning hours. The arrival of the sun back on the job about 10 o'clock warmed the situation up somewhat and voters began to flock to the polls. Election officials predicted a large vote this afternoon.

A tour of the polling places made this morning shows that the voting this afternoon will have to be heavy in order to pick up on the loss occasioned by the rain. The total registration for Glendale is 11,223, it is stated at the city hall.

Two Dead, One Dying In Chicago Outrages

CHICAGO, April 10.—Two men are dead and a third believed dying here today as a result of a series of bombings and shootings early today, which police attribute to blackhand wars.

Stanley O. King, a musician, was killed instantly by a bomb thrown from a moving automobile at a building owned by Mariano Zangora, and which fell short of its mark. King, who was on his way home from a theatre, where he worked, was nearly decapitated and his right arm was blown off.

Joseph Polombo, 46, a street sweeper, was shot and killed a few minutes after he left his home on his way to work. The killing occurred only one block from the notorious "death corner," scene of many murders. John Taruski, 36, night employe at a garage, is not expected to survive wounds inflicted by two men when Taruski refused to sell them gasoline after the gas pump had been locked up for the night.

A few moments after the explosion of the bomb which killed King, another bomb was exploded in a nearby neighborhood. A two-story brick residence, occupied by several families, was practically destroyed and occupants hurled from their beds. None was injured. A third bomb explosion damaged the butcher shop of Vita Buccola, the third time it has been bombed in a year. Buccola and his family were thrown from their beds, but none injured.

James McBryde Takes Place in Elks Lodge

James F. McBryde, recently elected esteemed lecturing knight of the Glendale Elks lodge, was installed at the lodge meeting last night by Past Exalted Ruler Arthur H. Dibern. Mr. McBryde was unable to attend the installation a week ago because of illness. Earl Patterson, recently elected esteemed leading knight, was also ill and unable to be installed and he is still ill, and was not at the meeting last night. His installation will take place at the first lodge meeting he attends. Other new officers took up their duties at the meeting last night. After the meeting hour the members saw a preview of "Tom, Dick and Harry," a western film directed by Harry Farnsworth, a member of the local lodge. Later a luncheon was served.

WOMEN IN CONFERENCE ON WAGE LAW RULING

WASHINGTON, April 10.—To find some way out of the situation created by the invalidating of the District of Columbia minimum wage law by the United States supreme court, a conference of national women's organizations probably will be called shortly in Washington. Ethel M. Smith, secretary of the National Women's Trade Union League, and a member of the defunct minimum wage board, announced here today.

Glendale Evening News
Entered as second-class matter January 12, 1922, at the postoffice at Glendale, Calif., under act of Congress of March 3, 1879. Published daily except Sunday.

Personal Mention

Mrs. W. T. Nichols of 314 West Doran street, entertained Miss Paustina Sargent of Huntington Park over Sunday.

Mrs. Lexie H. Allison of 416 West Maple street has been confined to the house for the past few weeks with illness of a rheumatic nature.

Mr. and Mrs. Geo. N. Adams, of 235 El Bonita street, and Mr. and Mrs. L. L. Shears and son Leland, of Los Angeles, enjoyed a delightful auto trip to Santa Barbara on Sunday.

Mrs. Stella Goodman of 645 North Central avenue, Mrs. Louis Anderson and son, Leroy Anderson, motored to Santa Monica Sunday, where they were entertained by friends.

Mrs. Eugene Heinemeyer and small son, Russell, of Los Angeles, are spending several days at the home of Russell's great grandparents, Rev. and Mrs. C. R. Norton of 801 East Wilson avenue.

Mr. and Mrs. James Jackson of 305 Pioneer drive and Mrs. A. Ross of Santa Barbara, mother of Mrs. Jackson, who is their house guest, spent Sunday in Hollywood, where they were guests of Mrs. Nell McFee.

Mr. and Mrs. A. H. Fuesler and daughters, the Misses Annie and Alice Fuesler, enjoyed a pleasant motor trip Sunday. They spent part of the day at San Pedro, going from there to Long Beach, where they were guests of relatives.

Mr. and Mrs. Allen Hobart of West Lomita avenue returned on Monday morning from a three-day automobile trip to Ventura, where they were guests at the ranch home of Mrs. Hobart's parents, Mr. and Mrs. Louise R. Kippie.

Capt. A. Fleming of 1137 East Elk avenue, well known civil war veteran and old-time Glendale resident, is slowly improving from illness with which he has been confined to bed for the past several months. He will be pleased to see any of his old friends.

Mr. and Mrs. J. W. Feinstein and family, who have been at the home of Mrs. Feinstein's parents, Mr. and Mrs. A. M. Hunt, 205 East Acacia avenue, since their return to Glendale, have taken a house at 611 North Jackson street, where they will be at home to their friends.

Mr. and Mrs. Howard L. Anderson moved from their home on West Park avenue last week and are now living at the home of Joseph Denny of 219 South Verdugo road. Mr. and Mrs. Anderson spent several months with Mr. Denny after their marriage several years ago.

Mrs. Jack Lundgren, of 308 East Maple avenue entertained a number of friends with a chicken dinner Sunday. Invited guests were Mrs. W. Kain, Mr. and Mrs. Morris Kain and daughter, Virginia, all of Dayton, Ohio; Mrs. Rose K. Lindsay and son, Dick, of South Glendale.

Mrs. MacKenzie Cates (Marion Addison) and little daughter Mary Etta, are out of the hospital and are at the home of Mrs. Cates' parents, Mr. and Mrs. T. H. Addison, 130 South Cedar street, for a few weeks before returning to their home, 142 North Castle avenue, Eagle Rock.

Mrs. A. Radcliff of 425 Pioneer drive entertained as guests over Sunday, Mr. and Mrs. Clyde Martin of Glendale, Calif., who have recently located near Glendale. Mr. Martin is head of the tile works at Santa Monica. Mrs. O. E. Knight of Los Angeles, daughter of Mrs. Radcliff, was also a guest for the day.

Mrs. Lydia Bartlett Border had the pleasure of entertaining old friends from West Bend, Ia., at dinner on Sunday at her home, 217 North Louise. Her guests were Mr. and Mrs. Geo. Hoffmeins, and their son-in-law and daughter, Mr. and Mrs. Floyd Jorgensen, all of whom are now living at High Grove, Cal.

Mr. and Mrs. S. C. Leppelman of 357 Milford street, spent an enjoyable week-end at Monte Vista.

Mrs. Albert Marple of 465 West Milford street is convalescing from an illness which she contracted two weeks ago.

Mr. and Mrs. C. C. Kribbs of Los Angeles were the dinner guests Sunday of Mr. and Mrs. C. Stevenson of 364 Birchett street.

Mrs. Clarabel Drownough of San Francisco was a recent visitor at the home of her aunt, Mrs. William L. Colton of 111 South Central avenue.

Dr. C. L. Marlenee of 301 South Central avenue, returned last evening from San Bernardino where he spent a couple of days on a business trip.

Miss Marie Walker, who has been a house guest of Dr. and Mrs. Newton of 245 North Louise street, left on Monday for her home in San Francisco.

Mrs. W. Linsay and sister, Mrs. E. Levine, of 142 Wabasso way, entertained Saturday at the home with a luncheon twenty friends from Los Angeles.

Beverly Whitaker, 4-year-old daughter of Mr. and Mrs. Oscar A. Whitaker of 1246 North Justin street, has just recovered from a severe attack of measles.

Mrs. M. Heasley and grand-daughter, Maxine, of Alhambra, are the guests of Mrs. C. L. Peirce. They came Friday and will remain for several days.

Mr. and Mrs. Frank Kearney and Mr. and Mrs. Arthur Kearney and family of 1010 East Wilson motored to Montebello Sunday, where they visited with friends.

A. R. Chappell of 338 West Vine street left yesterday for Palmdale, where he is visiting at the home of L. P. Abbell. Mr. Chappell will return to Glendale next Sunday.

Mr. and Mrs. James Linkogel and Mr. and Mrs. Arthur Cook and family, of Randsburg, were the weekend guests of Mrs. Pearl G. Curran and family of 214 East Chestnut street.

Rev. and Mrs. W. W. Cookman and son, William Cookman, of 633 North Louise street, were the dinner guests Sunday of Dr. and Mrs. William Bucher at their home at San Fernando.

Mrs. C. M. Pomeroy of 1212 East Windsor road was the dinner guest Sunday of Mrs. Ida Riddick-barker of Los Angeles. The dinner was given in honor of Mrs. Morphid Kamp of Kansas.

Mr. and Mrs. Samuel Dick of 309 North Louise street, and Mr. Ralph Penland of 633 1/2 North Orange street, were the dinner guests Sunday of Mr. and Mrs. Herbert Clary at their home in Inglewood.

Miss Virginia Fambrough, who has been spending her spring vacation with her parents, Mr. and Mrs. T. J. Fambrough of 206 North Orange street, returned on Sunday afternoon to Whittier, where she is teaching.

Gene Paul, son of Mrs. Charlotte Busby of 115 North Louise street, and who has been ill with the scarlet fever for the past several weeks, is now able to be out. The quarantine was lifted the latter part of last week.

Mr. and Mrs. Leroy Hulbert of Los Angeles entertained visitors Sunday at the home of Rev. and Mrs. C. R. Norton of 801 East Wilson avenue. Sunday afternoon the party motored to Burbank, where they visited with Mr. and Mrs. Jens Aske land, formerly of this city.

Friends of Mr. and Mrs. Tom Furst of Glendale avenue and Lexington drive, will be sorry to learn that their son, Tom Jr., is seriously ill with pneumonia. He was taken ill Sunday and while he is reported as holding his own he is very gravely ill.

Mr. and Mrs. W. M. Von Osdoll of 341 West Elk avenue are entertaining as their guest their daughter-in-law, Mrs. Bert Von Osdoll of Exeter. Mr. Von Osdoll will join his wife in two weeks, and after a week together with his parents, they will return to their home.

Eric E. Matchette, who has been visiting for some time with Mr. South Central avenue, recently left for his home in Kansas City, Mo. Mr. Matchette is thoroughly delighted with California and Glendale and hopes to bring his family out here next year to make their home in Glendale.

Mrs. H. C. Nicholas of 327 West Wilson avenue had as her dinner guests Sunday her mother, Mrs. M. G. Bogan, and Mr. and Mrs. Philip Cypber of Glendale and Mr. and Mrs. Len Coe of Los Angeles. Mr. Nicholas was a luncheon guest recently of Mrs. Allen Osterholt of Hermosa Beach, when she entertained the F. F. club.

Miss Zella Keim of 342 West California street, was pleasantly surprised last Saturday evening when a group of friends from Los Angeles called. There were about twenty from Los Angeles and Mrs. S. K. Davis and Mr. and Mrs. Ellis Thomas of Glendale. The evening was enjoyed with music and games, and later, dainty refreshments were served.

Word has been received from Mr. and Mrs. Ray Moore, who were recently married at the home of Mr. Moore's uncle and aunt, Mr. and Mrs. Will Wisecarver of 881 East Orange Grove avenue, that they are now located at San Pedro at the Parsell apartments. Mr. Moore has recently accepted a position with a large realty firm at San Pedro.

Mrs. E. F. Master of 226 Hlaw-

thorne street, entertained at luncheon today, Mrs. George Chamberlain, Mrs. M. D. Kahler and Mrs. George Chamberlain of Pasadena. Mrs. William Wendell of Los Angeles, Mrs. Mary Jane Brewer of Glendale, and Mrs. Irene P. Bauer of Long Beach. The decorations were carried out in pink and white, pink sugar peas being used and Easter lilies.

Tourists of America spent last year, approximately a billion dollars in travel, 80 per cent of which was for tours in America.

CITY IS DIVIDED IN 16 PRECINCTS
List Gives Polling Places For Various Sections Of Glendale

The city of Glendale has been divided into sixteen precincts for today's election. These consist of combinations of the official precincts as established by the county board of supervisors. Garages will be used in most cases as polling places. Election places and officials will be as follows:

No. 2 (all of 2 and part of 10), 2451 Ardmore avenue.
Inspector—Mrs. Golden Dewey.
Judges—James Conner, E. F. Kulp.
Clerks—Mrs. Jessie May Mitchell, Mrs. Marguerite B. Boistford and Frank N. Molsch.

No. 3 (7 and 9)—401 West Doran street.
Inspector, C. W. Kinnann.
Judges, Oren L. Howard and Mrs. Cora Johnston.
Clerks, Mrs. Harriett R. Rathburn, Mrs. Marion E. Morrow and William Brankman.

No. 4 (all of 9)—360 West California avenue.
Inspector, J. E. Henderson.
Judges, F. M. Shular and Mrs. Nettie Carver.
Clerks, Mrs. Catherine Richards, Mrs. Stella Rehart and Mrs. Maud Van Wormer.

No. 5 (6 and 10)—546 North Maryland avenue.
Inspector, W. F. Tower.
Judges, G. S. Learned and Mrs. Marcia Goulding.
Clerks, Mrs. Sarah M. Morgan, Mrs. Sophia Brown and A. W. Teague.

No. 6 (all of 5)—600 North Howard street.
Inspector, R. R. Davis.
Judges, Mrs. Corinne M. Rives and Mrs. Louise M. Morton.
Clerks—Mrs. Bess P. Owens, Mrs. Bertha E. Liffiton and Mrs. Ophelia Roach.

No. 7 (all of 3)—2515 Canada boulevard.
Inspector, George D. Mason.
Judges, Mrs. Della Mae Butler and Mrs. H. V. Endley.
Clerks, Hazel Rotts, Mrs. Floz-Zahniser and Mrs. Eugenia Blades.

No. 8 (4 and 13)—1471 East California avenue.
Inspector, S. A. Chase.
Judges, Etta Suplee and Mrs. Mattie Gaylord.
Clerks, Mrs. Mary E. Bowles, Miss Fannie S. McNut and Mrs. Ada Billington.

No. 9 (11 and 12)—221 North Louise street.
Inspector, S. B. Stoddard.
Judges, Daniel Franey and Mrs. Annie M. Bode.
Clerks, L. H. Hagood, C. R. Norton and Mrs. Mary C. Church.
No. 10, (18 and 19) 137 South Columbia street.
Inspector, J. M. Lind.
Judges, L. W. Ball and Mrs. Mabel A. Horner.
Clerks, Mrs. Opal O. Greenwalt, C. E. McPeak and Mrs. H. N. Vaughan.

No. 11, (16 and 17), 308 East Colorado street.
Inspector, Irwin Royce.
Judges, Clifford A. Cole and Mrs. Katherine B. Rowe.
Clerks, John H. Daugherty, Wilbur A. Webber and Mrs. Frances Black.

No. 12, (14 and 15), 1233 East Colorado street.
Inspector, J. L. Denny.
Judges, E. H. Reese and Mrs. Grace Addison.
Clerks, J. L. McOmber, W. S. Hammond and Mrs. Susie Wineinger.

No. 13, (21 and 22) 720 South Glendale avenue.
Inspector, Mrs. Iris F. Kilbourn.
Judges, Mrs. Marie S. Borthick and Mrs. Della Johnson.
Clerks, E. C. Spurr, Mrs. Cora A. Heacock and Mrs. Elizabeth Kline.

No. 14, (20 and 25), 431 West Nile street.
Inspector, Mrs. Adelaide H. Imler.
Judges, Mrs. Elsie K. Lake and Mrs. Lydia M. Kulp.
Clerks, Mrs. Mary G. Pollock, Mrs. Carrie A. Waite and Mrs. D. W. Hunt.

No. 15 (23 and 24), 1101 South Glendale avenue.
Inspector, Stillman E. Brown.
Judges, Mrs. Margaret Ingraham and Mrs. Pearl L. Moore.
Clerks, Mrs. Viola Peters, Mrs. Adelaide Chappius and Mrs. Cora M. Webster.

No. 16, (26 and 27), Fire Station No. 2.
Inspector, L. L. Baker.
Judges, Mrs. Hazel M. Gould and Mrs. Queen Danner.
Clerks, Mrs. Josephine A. Fairfield, Mrs. Emma E. Dutton and Miss Fay Ruprecht.
Casa Verdugo, 1209 North Central avenue.
Inspector, Mrs. Evangeline Johnson.
Judge, Mrs. Clarissa Benner.
Clerks, Mrs. Elizabeth Child and Mrs. Catherine Solbert.

Meeting Enjoyed
If attendance is any criterion of the activities of an association, then the Parent-Teacher association of the Atwater school is certainly a live wire. Over fifty members were present at the meeting Monday afternoon and listened to a splendid program by the pupils and a very interesting talk by Mrs. Kapp, an interior decorator. Mrs. Kapp's subject was "The Child in the Home," and the subject was especially helpful to those living in small homes.

The president, Mrs. M. Daniels, presided over the business meeting. Arrangements are being made to hold a bazaar in conjunction with the May festival on the first day of May. The May day festival will have a number of unique features, among which will be a parade of floats through the streets of the Atwater district, prizes being offered for the best floats. The children will assemble 10:30 and the members at 11:30 o'clock.

The committee in charge of the various booths are: Fancy work, Mrs. M. Daniels, 3115 Garden street; aprons, Mrs. MacKenzie, 3185 Atwater street; grab bag, Mrs. Wigley, 3050 Perilla; art, Mrs. Vaughn, 3522 Atwater, assisted by Mrs. Rathburn; flowers, Mrs. McCulloch, Atwater school; hot dog, Mrs. Gillette, 3036 Perilla, assisted by Mrs. Pennock; candy, Mrs. Bonwell, 3258 Atwater; popcorn and peanuts, Mrs. Vanderwood, 3502 Perilla; pop, soda water and lemonade, Mrs. G. S. Learned; ice cream, Mrs. Rice; cake and pies, Mrs. Larson, Mrs. Jones; coffee and sandwiches, Mrs. Clouse, 3444 Laclede; cooked food and dinner, Mrs. Sturney; program, Mrs. Jones, 3816 Edenhurst, assisted by Mrs. Alexander and Mrs. H. C. Wilson, 3410 Casitas; exhibits, Mrs. Hunt, 3920 Revere; baby show, Mrs. Smith; sports, ball and kite contests, Mrs. Jones, 3019 Casitas.

The program of the day was presented by Miss Rosalind Gates, principal and first vice-president, and was as follows: Gypsy dance, classes, composition, "Coffee," Miss Tourpin, piano solo, Jewell Alexander, original story, Rosamund Sturney; recitation, Willie Mae Hooker; piano solo, "Minuet in G," Arnoldine Larsen; recitation, Adele Loyd; "Moon Dance," Geraldine Mangham, "Safety First," second and third grade boys; song, "All Through the Night," third, fourth and fifth grades.

Week-End Outing
Chaperoned by Mr. and Mrs. Harry Marple of 1539 Glenwood road, a group of members of the Christian Endeavor society of the Central Christian church of this city spent the past week-end in a mountain outing at Switzer's camp. The party left early Saturday afternoon, driving as far as "the forks," where they parked their machines and "hit the trail."

The merry-makers took an active part in the regular Sunday morning church services held in the famous "Rock Room." Mr. Marple led the song service and the remainder of the party comprising the choir.

Following is a list of the hikers: Miss Evelyn Walker, Ruby Eubanks, Naomi Lucas, Ida McConnell, Frances Mueser and Betty Marple; Messrs. Gordon Nize, Howard Bennett, Leslie Bennett, De Voine Davidson and Harry Marple, Jr.

Central Avenue
Explanations of school and Parent-Teacher association finances are to be given Thursday afternoon at the meeting of the Central Avenue Parent-Teacher association at the school. It is the aim of Mrs. D. F. Reichard, president, to give her members a comprehensive idea of the financial needs, so she has asked Mrs. A. A. Barton, school board member, to explain "The Financial Part of School Work," and Mrs. H. V. Hinson to explain "The Financial Part of P.-T. A. Work."

There will also be music by the high school quartet.

Before the general meeting at 3:15 o'clock, the room mothers will entertain the teachers and P.-T. A. officers at a noon luncheon in the kindergarten.

The board is to meet at 2 o'clock.

Matinee Saturday
A special children's matinee will be given Saturday afternoon at the Tuesday Afternoon clubhouse under the auspices of a group of the club women. "Mysterious" Emerson and company popular vaudeville artists, will present program of Hindu mysteries. Music will be furnished by Mrs. H. R. Boyer.

Tickets will be on sale for both children and adults at the door. The proceeds will apply on the Music Section's grand piano fund.

Mesdames E. W. Hayward and A. D. Cross and Eva Cunningham are arranging details for the affair.

Dinner Honoree
Mrs. Frances Grant of New York City, who is spending the winter at 122 South Louise street, was the guest of honor last Thursday night at a birthday dinner given by Mr. and Mrs. Harry Marple of 1539 Glenwood road. The guests, besides Mrs. Grant, included Miss Flora Kilpatrick, Edward Grant and John Lynn.

Girls Take Hike
The Girls' Athletic Club of the Glendale Union High school will enjoy their monthly outing next week-end in the form of a hike to Flintridge. Miss Florence Knight, head of the girls' physical education department, will chaperone the party.

Social Events

Juvenile Meeting
The Juvenile Music club held their regular meeting last Saturday afternoon at the home of Mrs. H. V. Henry, 353 Pioneer drive.

The business meeting was called to order at 2 o'clock by the president, Susie Smith. Later in the afternoon the following program was presented which was greatly enjoyed.

Piano solo, "Minuet Louis XV.," by Katherine Henry; piano solo, "Serenade and Songsters On the Bough," by Betty Hagood; piano solo, "Humoresque" (Dvorak), by Adrienne Lawrence; piano solo, "Butterflies," by Anna Ratisan; and piano solos, "Pixies' Good Night Song" by Kathryn Evans, "Sparkles" by Maxine Hearsly, "Down by the Brooklet" by Gloria Curran, and a reading by Mrs. Henry, "The Beginning of Music."

The next meeting will be held Saturday, April 21, at 2 o'clock at the Wilson avenue Intermediate school. All mothers are cordially invited.

Realize Success
The Non-Section members of the Tuesday Afternoon club under the leadership of Mrs. A. H. Motsonery, chairman of the ways and means, are realizing great success in their endeavors to raise money for the club's furnishing funds.

The most recent activity of these women is the serving of luncheons and dinners to local organizations. Saturday night they arranged and served the Shrine club dinner. On Friday noon they will serve luncheon for the Kiwanis club, and on Saturday lunch for the College Women's club.

Plans are also under way for the "Carnival of Months," to be held May 5. The big feature will be the Scottish program to be given in the club home auditorium.

Surprise Wedding
As a surprise to their many friends Miss Dorothy Louise Patterson and Charles Folkers Talbot announce their marriage which took place last Saturday, April 7, 1923, at San Bernardino. The Rev. Charles Mammann, rector of St. John's Episcopal church performed the ceremony.

Mrs. Talbot is the daughter of Mr. and Mrs. J. A. Bullis of 323 Roads End and Mr. Talbot the son of Mrs. Christine Talbot of 203 East Laurel street. Both Mr. and Mrs. Talbot are well known in Glendale being popular members of the younger set. At present they are making their home at 1303 East Orange Grove avenue.

All Day Meeting
Baptist church women are to have their regular all-day meeting Thursday at the church. The organization is called the Baptist Women's Union, and they will meet Thursday morning to sew for the White Cross.

At 12:30 o'clock a covered dish lunch will be served and in the afternoon a program given. Mrs. Sisley has arranged the program, which is to be Chinese, and will include purrises numbers.

This will be their first meeting presided over by Mrs. Park Arnold, the newly-elected president of the Union.

Meet On Thursday
Mrs. E. T. Remmen announces that Group Two of the Arts and Crafts Section of the Tuesday Afternoon club, is to meet at 10 o'clock Thursday morning at the clubhouse. There will be work on glass shades and any members desiring information as to needed materials should communicate with Mrs. Remmen at Glendale 585-W.

Chapter L. O. Will Meet
P. E. O. E. O., will hold their regular all-day meeting at the home of Mrs. Dan Campbell, "Ard Evin" on Wednesday, April 11.

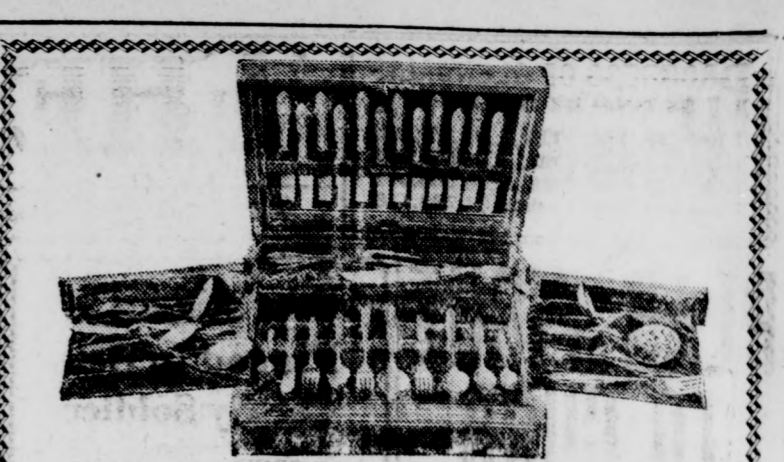

Glendale Savings Bank Shows Prosperity Here
The report of the Glendale State bank, in this issue of The Evening News, showing the amount of business on its books on April 3, gives the total resources of the institution as \$1,989,118.49, of which \$767,864.72 is in the commercial department and \$321,252.77 in the savings department, with individual deposits running up to \$630,877.86, a condition which is declared by President A. R. Eastman to be one that is remarkably encouraging to the officers of the bank, in view of the comparatively brief time that the institution has been in existence.

The condition of the bank, Mr. Eastman declares, forms an accurate barometer of the business of Glendale and shows the rapid advance that is being made by local business houses that are conducted on a sound and conservative basis and permit their directing heads to keep pace with the rapid growth of the city.

The Glendale State bank is winning its share of the prosperity of the city and the sound methods employed in handling the increasing volume of business that is coming to it have won the confidence of men in every line of business in the city, the directors declare.

DEFEND INDIAN
WASHINGTON, April 10.—Secretary of the Interior Work today requested the department of justice to defend Jackson Barnette of Muskogee, Okla., said to be the "richest Indian in the world," against a suit brought by Carl J. O'Hornet to obtain control of Barnette's property, consisting of valuable oil rights.

Soldiers' Homes Denied Girls Who Vamp Vets
LINCOLN, Neb., April 10.—A bill, which, according to its sponsors, is designed to "prevent young girls from marrying old soldiers for their pensions," was passed by both houses of the Nebraska legislature and now goes to the governor for his signature. The bill actually bars from admission to soldiers' homes in Nebraska those related "by marriage" who are not themselves eligible.

Candidates Address Carpenters' Meeting

A program of speeches was heard last night at the opening meeting of the Carpenters' Local Number 563.

Among those addressing the gathering were Allen O. Martin and Don Webb, candidates for Council; J. C. Blair of San Pedro, who spoke on the co-operation of the various labor organizations of southern California; and A. B. Muir of Indianapolis, who spoke on the growth of the Carpenters' organization in southern California last year.

There will be another meeting of the organization April 16.

Will Consider Plans Submitted by Vestry

St. Mark's Episcopal church will serve a dinner in the church basement at 6:30 o'clock Wednesday, after which plans will be discussed for church expansion. Richardson D. White of 223 South Orange street will submit the recommendations of the vestry. The supper will be prepared by the women's guild under the direction of Mrs. A. A. Bassett of 1327 Valley View road. According to Rev. Phillip K. Kemp, all members of the congregation are invited to attend this parish meeting.

FIRM WILL GIVE GAS RANGE AWAY

Domestic Science Students At Coker & Taylor's to Draw for Stove

Poor cooks have become good cooks and good cooks expert ones since the opening of the domestic science laboratory at the Coker & Taylor Plumbing store at 209 South Brand boulevard. Through weeks of successful activity the laboratory has become an established place of conference and learning due to the efficient work of O. J. Merrill, head of the stove department, and Mrs. Border, culinary expert in charge.

The big event of the meeting tomorrow in the laboratory will be the giving away of a Direct Action gas range, equipped with a Lorain heat meter.

Announcement of this event was made several weeks ago by Mr. Merrill and promises to bring one of the largest gatherings of women yet received at the store.

Drawing Tomorrow
A large sealed box has occupied a place in the laboratory and in the box every member of the domestic science class was allowed to place a slip of paper bearing her name. In fact any one person could place as many slips in the box as she desired.

Tomorrow afternoon one slip will be drawn from the box and the person whose name is on the slip will receive the stove.

It will be a regular demonstration hour from 2 to 4 o'clock and there will be demonstrations and good things to eat.

Hayward & McCartney Aid in Sale of Lots

Editor The Evening News—In reference to the sale of Kenneth Grand Tract, Saturday and Sunday, where the entire tract was sold out in two days I desire to give credit where credit is due.

Special credit is due to the firm of Hayward & McCartney, whose loyal force aided very materially in the consummation of this sale. Their straightforward, clean methods and prompt and ready assistance rendered the task easier, and without their help the sale would not have been such a success.

There was no fighting, crowding, or bitterness except in the case of one or two disappointed buyers who were not able to secure lots, and on the whole the sale demonstrated the insistent, steady demand for high-class homesites in a district having a great future.

While, of course, there was some speculation, the majority of the sales were made to people who expect to improve their property immediately. None of the lots were sold for less than one-fourth cash.

CHARLES E. GUTHRIE.

Hollywood Aviators Want Hangars Here

Certain Hollywood citizens are watching the result of today's election with personal interest. City Manager W. H. Reeves is in receipt of the following letter from Miss Amelia M. Erhart of the Movie City in regard to the airport:

"There are a group of private owners of aircraft in this vicinity who are watching the development of the Glendale field with greatest interest. Would you be kind enough to give me information about rental rates for hangar space and the construction requirements?"

"The various fields in this section seem of a very temporary character and as I am interested in aeronautics permanently I am only interested in a permanent field. I have flown many hours in southern California and it is my wish to fly many more."

Presbyterians Hold Pre-Communion Meet

Pre-communion services are being held each night this week, except Saturday, at the Glendale Presbyterian church. Last night Rev. Louis Tinning led the hour of prayer and conference.

Mrs. G. D. McDill, president of the missionary society, will lead tonight, and Dr. David A. Murray, missionary from Japan, will speak.

DEATHS, FUNERALS

JAMES HASWELL FORBES
Funeral services for James Haswell Forbes of La Canada will be held at 2 o'clock tomorrow afternoon, Wednesday, April 11, 1923 in the chapel of L. G. Scovern. Interment will be in Forest Lawn Cemetery.

BENEFIT FUNCTION
First evening card party to be given at the Tuesday Afternoon clubhouse will be given Thursday, April 12th, for the benefit of the furniture fund, by the membership, decoration and year book committee, members in charge are Mrs. R. W. Meeker, Mrs. C. Parker, Mrs. A. R. Montgomery, Mrs. C. O. Pulliam, Mrs. C. W. Houston, Mrs. Truitt, Mrs. Baird, Mrs. Chas. Peckham. The Thursday Afternoon club have generously loaned their card tables for the occasion. There will be tables for Bridge, 500, Bunco and Mah Jongg and 2 instructors for Mah Jongg. The proceeds are to be applied towards the funds for the dishes for the tea room and furniture for the lounge room.

U. S. Official Takes Bribes, Is Charged

Frederick N. Littleton, Chief Field Examiner of the Bureau of Naturalization, in San Francisco, is charged with accepting bribes and with being the leader of a ring negotiating the sale of bogus naturalization papers there.

Frederick N. Littleton, Chief Field Examiner of the Bureau of Naturalization, in San Francisco, is charged with accepting bribes and with being the leader of a ring negotiating the sale of bogus naturalization papers there.

Preacher Gives List Of Marriage Don'ts

BOSTON, April 5. — "Who, Who and How to Marry" was the title of a sermon delivered to his congregation recently by Rev. Arthur T. Brooks, of Dudley Street Baptist church, Roxbury. In the sermon Dr. Brooks expounded five don'ts for men and a like number for women. Those for the men were:

"Don't marry a pretty face—sweetness and character are preferable."
"Don't marry for fun—marriage is a God-given, serious contract."
"Don't think you are marrying an angel—your girl is as human as you are."

"Don't marry merely a pair of winged feet—they do not usually harmonize with the kitchen floor."
"Don't have long engagements—they're wearing on the poetry of life."
Following are his don'ts for women:

"Don't marry a man to reform him—better women than you have failed on that job."
"Don't marry a dashing-good-time sort of chap and expect happiness. A steady-going, temperate man wears better in double harness."
"Don't marry a 'meal ticket' unless you have to. God meant you for better things. Keep your self-respect."

"Don't marry except on a 50-50 basis—remember in the twentieth century you are as important as your man."
"Don't marry for money—love is always the best."

CHARLES E. GUTHRIE.

Glendale Savings Bank Makes Fine Showing

The thrifty habits of Glendale people are clearly shown in the report of the Glendale Savings Bank, which is published in this issue of The Evening News and that shows total resources of \$857,430.17, with savings deposits of \$719,714.31.

W. S. Perrin, president of the bank, and his associates follow a course that safeguards the savings of their clients, and the steady increase in the bank's business is testified to by the advances that are steadily reported from year to year as these reports are published.

The Glendale Savings Bank, the directors state, fills a definite niche in the financial field in Glendale, specializing in the savings department, and that this specialized service is appreciated by the bank's patrons is demonstrated by the volume of business that is constantly carried on the books of the institution, that is rated as one of the most efficiently managed and progressive in the financial life of California.

President Perrin and his associates point out that the bank is progressing with Glendale, the report being indicative of the city's prosperity.

Irish Rebel Leaders Ready to Quit Fight

SACRAMENTO, April 10.—The career of Rev. C. F. Fairfield of the Roseville Presbyterian church as a Knight of the Ku Klux Klan will be investigated by his denominational superiors at a meeting of the Presbytery in Elk Grove April 17.

Announcement of the proposed probe in behalf of the Klan was made by Rev. William Howe, Sacramento clergyman and moderator of the Presbytery.

Rev. Fairfield first came into prominence as a Klansman when he opposed an anti-mask rule passed by the Roseville council. The investigation promised by Rev. Howe was prompted by an open break in the Roseville church in which 15 members of the congregation voted to oust the pastor because of his alleged Klan activities. Charges to be pressed before the Presbytery include neglect of church work for Klan activities and allowing use of the church building as a Klan meeting place.

HOME FROM VISIT

Mrs. John Berry, who spent last week visiting in San Bernardino, is now back at her home, 412 West Colorado street.

RUSH SHIPMENTS OF MOTOR BUSES

Eight Vehicles En Route to Glendale From Factory; 27 More Coming

Glendale's bus system will be in operation within the next six weeks, if the eight motor buses that are now on the trains headed for Glendale are delivered on time, according to Ed N. Radke, chairman of the bus committee of the Glendale Credit Association, and another twenty-seven buses will be shipped as fast as the manufacturers of the Garford trucks can turn them out. The chassis and engine alone will be shipped from the factory, and the bodies and the tops will be placed on the buses here.

The order for the thirty-five buses was placed with the C. D. Garford Motor Truck Co., by C. D. Gulick, president of the Glendale Motor Bus Co., in order that he might keep faith with the city authorities to whom he had given his promise that the city would have buses running on the streets within ninety days from the date on which he was granted the permit to inaugurate a transportation system here.

The eight buses are now en route to Glendale, with the train covered with placards announcing that the shipment is destined for Glendale, the Fastest Growing City in America, and the remainder of the order will also bear the same kind of advertising for this city.

The value of the order placed with the Garford people by Gulick amounts to \$155,000, and as fast as the buses arrive here they will be placed in commission and started on their routes, which have already been mapped out. The size of the buses varies, some of them carrying as many as thirty passengers, but the smaller vehicles will be used on the short hauls around town.

Campbells Popular As U. S. Golf Instructors

LONDON, April 10.—The Campbells are coming! Perhaps it would be more accurate to say that another Campbell is coming, since four of them already are here. The fifth is en route.

Four of the Campbell brothers are now employed as golf professionals in the United States. Another is with the Springhaven Country Club at Philadelphia, John with the Old York Club at Philadelphia, Alec with the Cincinnati Golf Club, and Matthew with the Manchester Club at Boston.

David, who has been an assistant professional at Gleneagles, sailed a few days ago for Philadelphia.

Some enterprising American club has a chance to make it unanimous for James, a sixth brother, is professional at a Birmingham club and doubtless could be induced to follow his illustrious quintet of brothers overseas.

War Department Will Press Scandal Inquiry

WASHINGTON, April 10.—Secretary of War Weeks turned down the request of Mrs. Edward Randle of San Antonio, Texas, that the war department cease its investigation of the army "scandal" growing out of the \$100,000 suit of herself and her husband against Colonel A. L. Conger, who was charged with defamation of character.

Mrs. Randle's request that the army's investigation be dropped was made in a telegram to Secretary Weeks following the dismissal by an agreement of the suit against Colonel Conger. Her husband is a captain in the Twentieth infantry, stationed at Fort Sam Houston, Texas, and the suit arose from accusations made against Randle and his wife by Conger, who is the regimental commander.

Title Co. Officers to Address Realty Board

Members of the Glendale Realty Board will have an opportunity tomorrow to hear a discussion on the subject of trusts at their weekly meeting in the C. & S. cafeteria tomorrow noon, when Mr. Keogh, chief trust officer of the Title Guarantee & Trust Company of Los Angeles, will speak on this subject. Mr. Kilgore, chief counsel for the Title Guarantee & Trust Company, will also be present at the luncheon. After his address Mr. Keogh will answer any questions that may be put to him by the local realtors, and as he and Mr. Kilgore are both experts on this particular subject the board will learn much of value to them in their profession.

Sailor Charged With Jewish Rabbi's Murder

SAN FRANCISCO, April 10.—With a formal charge of murder lodged against C. B. Hicks, member of the crew of the submarine S-36, through a complaint sworn to by Manuel Lafee, father of Rabbi Alfred G. Lafee, who died as a result of a terrible beating in a Fillmore street hotel, police today awaited action on the part of the navy department.

The papers in the case were sent to the commandant at Mare Island for endorsement. It is said that it may be ten days before the papers return from Secretary of the Navy Denby who must pass upon the transfer of the enlisted man from the navy to the civil authorities.

Combined Report of Condition of the Glendale State Bank

at Glendale, California, as of the close of business on the 3rd day of April, 1923

Alligator Pears in Hawaii Are Improved

HONOLULU, April 10.—The avocado or alligator pear, now listed on the menus of only a few of the exclusive big hotels in America, at prices which make it a distinct luxury, will become a far more common edible if a plan suggested by Willis T. Pope of the federal agricultural station here is adopted. The Hawaiian soil and climate are especially suited to the growing of this fruit and in Honolulu good alligator pears can be obtained at all seasons at little more than 5 cents each. There has been no extensive growing of this crop here, however. All must be consumed locally because of the strict quarantine regulations enforced on the Pacific coast to keep out the dreaded fruit fly.

Pope declares that the Guatemalan hard-shelled alligator pear is not only fruit fly proof but has so improved on the original stock since being brought to Hawaii that it is one of the richest of foods. Either New York or San Francisco alone, he says, would absorb all the yield of even 1000 acres of the fruit. The fruit keeps perfectly for a month at normal temperatures and in cold storage for three months, so that it might be sent via the Panama Canal to New York, where there is no quarantine.

Pope believes that there is room in Hawaii for 30,000 small farmers on lands which are not suitable for the raising of sugar and pineapples but which might be used in producing alligator pears and vegetables.

Big Contract Bond for Baton Rouge Building

BATON ROUGE, La., April 10.—The contract and bond filed by the board of supervisors of Louisiana state university and Caldwell Brothers, contractors, for \$529,301, covering a main engineering building and agricultural group to be erected at the Greater Louisiana state university, is the largest contract ever filed in the state.

This contract places the value of buildings being erected at the new university site at over \$1,600,000. It is planned for a new university to be complete by the fall of 1924. The state legislature appropriated \$5,000,000 for the new university through a special severance tax, which the oil companies of the state fought bitterly in the courts.

A deposit of silica mineral of volcanic origin, found in Czechoslovakia, can be used directly in the manufacture of glass without adding any of the other ingredients commonly used.

Noble Red Men Ride In Flivvers Nowadays

RENO, April 10.—The long-haired, feather-bedecked Indian who straddled a pinto pony and raced across the sagebrush has been supplanted in Nevada by the Indian who breezes around the state in a flivver.

"There are about 8000 Indians, mostly Washoes, Shoshones and Putes, in Nevada at the present time," says James E. Jenkins, United States Superintendent of Indian Affairs in Nevada. "They're mostly wanderers, traveling from place to place in search of work. But they travel in autos, not on ponies."

Light breakfasts are almost as popular as heavy morning meals among many notables who recently answered a questionnaire on the subject.

THAT MORNING LAMENESS

If you are lame every morning, and suffer urinary ills, there must be a cause. Often it's weak kidneys. To strengthen the weakened kidneys and avert more serious troubles, use Doan's Kidney Pills. You can rely on this woman's testimony.

Mrs. J. M. Derr, 757 Earlham St., Pasadena, Cal., says: "The first symptom of kidney complaint in my case was backache. When I first got up in the morning, there was a lameness and soreness through my kidneys and across my loins, but after I had been on my feet awhile about the house, the pain eased up a little. I was extremely nervous and became easily excited. I heard about Doan's Kidney Pills and one box cured the backache and the nervousness left me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Derr had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Advertisement.

A CONVENIENT MAP OF GLENDALE

It is the policy of the Pacific-Southwest Trust & Savings Bank to render every possible service for the advancement and betterment of the community in which branches of this institution have been established, and we have had a very convenient street map of Glendale prepared, which we believe will serve a useful purpose to newcomers in our community.

This map is being distributed without cost, and may be had upon request to the officers of either of our branches.

There are two conveniently located branches in Glendale.

Glendale Avenue Branch
Glendale Ave. at Broadway

Brand Boulevard Branch
104 North Brand Boulevard

PACIFIC-SOUTHWEST TRUST & SAVINGS BANK

BURBANK ERECT BUILDING FOR CAR AGENTS

\$30,000 Structure to House Three Automobile Concerns

Verdugo avenue is soon to become Burbank's "Automobile Row," according to plans announced by M. Spazier, who will at once erect a brick building with a frontage of 150 feet on this avenue, just above San Fernando boulevard, the estimated cost to be \$30,000.

The structure will be divided into three show-rooms, each with a fifty-foot frontage, on lots owned by Mr. Spazier and H. C. Moore.

When complete, the agencies of Samuel E. Eriker, C. E. Housh and a man from Santa Paula will occupy the premises, it is stated.

A big street banner, swinging above San Fernando boulevard at the Olive avenue crossing, carries the announcement to thousands of motorists daily that Burbank's Second Annual Merchants' Exposition is to be held May 5 to 12.

In preparation for this event, which is going to be a great industrial boom to this city, Manager T. A. Carlton of the exposition is about the busiest man in Burbank.

Mr. Carlton promises that this event is going to be an even bigger success than the one held last September, and urges merchants to be prompt in reserving space in it, as by so doing they will benefit not only themselves but the city.

Plans Sub-division A. W. Reese announces that he will subdivide his ten-acre tract lying along Valencia avenue, two blocks west of Alameda.

The tract will be ready for sale in about ninety days, when it will be offered in city lots of the usual size, as residence property.

A series of five articles on the subject of "Industrial Location" is being prepared by R. W. Colburn. These articles, which will be given publicity through various channels, will cover the various steps necessary to the securing of industries and their legitimate financing, together with their relation to the community.

The articles are expected to be of great value both in acquainting the people of Burbank with the value of industrial expansion, and in advertising the city's advantages abroad.

Stork Is Active Births exceed deaths in Burbank by a four to three ratio, during the month of March, according to the records of City Clerk Webster. Twenty babies having been born to fifteen deaths.

Since the first of January, 1923, there have been fifty-four births and forty-one deaths within the city limits, or a ratio of five to four. As long as these records continue, Burbank will prosper, say her citizens who are having been born to fifteen deaths.

Prospects seem very good that the Burbank Choral club will be on the program of the great exposition opening in Los Angeles on July 2, in commemoration of the Monroe Doctrine, and the matter is at present under consideration of the Los Angeles Chamber of Commerce.

Should this club gain a place on the program, its members feel that Burbank will receive free advertising worth thousands of dollars, as this exposition will attract people from all over the United States, including President Harding.

The Burbank Choral club has gained a reputation throughout southern California, and is recognized as a musical organization of exceptional merit.

Chicken Zone Most people have heard of industrial zones, many have had personal experience with war zones, but now comes a new one—chicken zones.

At the last meeting of the City Planning commission, it was decided to recommend to the Board of Trustees that the Southern Pacific tracks to the southern limit of a district should be set aside in which permits for poultry ranches be not given.

This does not refer to the keeping of a few chickens, it is understood, nor is it meant to apply to ranches already established. It applies merely to new permits.

The commission also took up the matter of a zone for new dairies but no action resulted except that a committee was appointed to work out a boundary for such a home.

Luncheon at Clu's Mr. and Mrs. F. E. Griswold of 575 Tujunga avenue entertained a number of their friends from Burbank and Newhall at a dinner party in their home Saturday night.

The social section of the Women's club enjoyed a charming afternoon last Thursday, under the chairmanship of Mrs. Charles Fischer, assisted by Mrs. Edward Millard, Mrs. Charles Lovejoy and Mrs. Leo Mulvey.

Luncheon was served and the table centerpieces were green baskets filled with pink sweetpeas.

In the afternoon five hundred was played, high score being won by Mrs. Fred Griswold.

A very interesting meeting will take place at the Presbyterian church Thursday afternoon, April 12, at 2 o'clock, when Mrs. Moss will be in charge of the program, which will deal with Africa.

DYNAMITE VERDICT BUER, Germany, April 10.—A viaduct over Emscher was blown up with dynamite yesterday. The explosion caused the Rhine-Herne canal to go dry, tying up navigation.

TUJUNGA SUNLAND WINNER OVER PICO TEAM

Visitors Driven Home With Short End of Score Of 4 to 2

The Pico All-Stars came into Sunland Sunday like lions and departed the same day closely resembling the well known lamb. They roared in and showed their teeth, but they found an expert dentist who pulled their fangs with neatness and despatch, in the order named.

Pico and his All-Stars have a reputation, but chucker Charlie Metten just can't believe it. After an absence of several weeks from these parts, he came over from Van Nuys, where he pitched Les Taylor along to the Winter League pennant in the Managers Association, to show the home folks that his bag of tricks isn't empty yet.

Metten is right smart of a slicker at his trade and propels a nasty horseshoe when working at it. Charlie hurls what he calls the permanent wave ball, the batters doing the waving. Fifteen new testimonials were added to his list Sunday when that many opposing fence busters struck out on his shoots. Not satisfied with leading the defense, he stepped out and clubbed two doubles and a single in four times up.

To start the thing off right Metten and his eight merry men generously allowed their guests to earn one run in the first frame. Being no slouches at polite retaliation Pico and his Stars presented the home boys with a marker of equal value in the last half of the same inning, making the going an even one-all.

Pico Takes Lead Round two was uneventful for all concerned except Callahan, and he absorbed a healthy thump back of the ear when a foul tip landed there. After a draught of smelling salts which all good managers carry in their flasks, for fainting ball tossers, he revived and the game went on. Picos put one marker across in the third inning, bringing the count to their favor, 2 to 1. With Metten and Pico going at a fast clip this score didn't look so good for Sunland.

Inning four was minus results, but in their half of the fifth Sunland snuk over two runs, thereby tipping the scales back again in their favor, 3 to 2.

In the sixth it nearly happened. Smith struck out to open. Roberts walked. Gates tapped one infield and was safe on the play at second to get Roberts, who took third when Furrer dropped the peg. McCue beat out a bunt and Roberts was held at third. Three on, one down and the ball on rising. But Metten squashed the ascension by a nifty play, catching McCue off first for the second out. On this play Gates called for third where Roberts was perched and loath to leave. Roberts, being thus urged, cautiously started for home. The infield gathered round and ran him down for the third out. This was Pico's big chance and he was foolish to play on their part and one smart one of Sunlands brought the temperature back to normal again. In the last half of this frame Callahan absorbed the second thump on the same spot behind his ear, nearly knocking him into silly street. But he was game and stuck to the job until it was finished.

Sunland Tallies The seventh was unproductive but in their half of the eighth Sunland rang up another run to make it unanimous, when Metten doubled and scored on a single by Bush.

With a good chucker in there Sunland showed what they could do. The All-Stars are hard eggs to beat and only good pitching will stand up against their willow wands. Metten pitched six games for Tujunga valley in the winter league, losing one, and went to Van Nuys where he worked eight games and only lost one. The fans liked him before and he got a warm return reception, which shows that they are going to like him that much more for coming back. A large crowd turned out and Manager Waite took this to mean that the valley fans approved of his team and hopes his efforts to secure Metten will make the club even more popular and deserving of continued support.

The box score: Pico Stars AB. H. O. A. E. Roberts, 2b 5 2 1 2 1 Gates, 4f 4 1 2 1 2 McCue, 3b 3 0 0 0 0 Harper, 1b 4 2 7 0 0 Rosenga, lf 4 2 2 0 0 Callahan, c 5 1 10 0 0 Pico, p 4 0 0 1 0 F. Smith, cf 4 0 2 0 1 C. Smith, rf 3 1 1 0 0

Sunland AB. H. O. A. E. Furrer, 2b 4 1 2 1 2 Heinz, b 4 2 0 2 1 Waite, c 4 1 16 1 0 Metten, p 4 3 0 2 0 Bush, ss 3 2 0 2 0 Bradburn, 1b 4 1 7 0 0 Cerzo, lf 4 0 1 0 1 Smith, rf 4 0 1 0 1 Heck, cf 3 0 0 0 0

34 10 27 8 2 Pico Stars 10 1 0 0 0 0 0 2 Sunland 10 0 2 0 0 1 4

Two base hits—Metten, two. Bush, one. Bases on balls, off Metten, 1; off Pico, 1. Struck out, by Pico, ten; by Metten, 15. Umpire, Kimpel.

After the game Charlie Kimpel, umpire, announced that his Twin Pines pavilion may be secured by any lodge, club, school or other organization caring to take advantage of the offer free of charge for dances, meetings or parties. He will donate the hall and lights on any night except

EAGLE ROCK Girls Drop Love Stories For Those Of Adventure, Boys Seek Science Books

THE patrons of the Eagle Rock public library are selecting very good books for their reading, reports Mrs. B. A. Gardiner, librarian. The most popular fiction book continues to be the novel, "Babbitt," by Sinclair Lewis, author of "Main Street," while the most popular non-fiction book is "The Outline of History," by H. G. Wells, and the most popular children's book is "The Story of Mankind," by Hendrick Van Loon.

Mrs. Gardiner has an interesting theory in regard to this taste for the better types of literature. She claims that it is due to Twentieth century methods of teaching. "A generation ago," she says, "the reading favorites of the girls were love stories, while the boys went in for adventure. Today a curious change has happened. The girls have usurped the boys' sphere of adventure, preferring red-blooded tales of daring to languid romances of love—while the boys have abandoned adventure in preference for science.

The causes of this change of taste can be found in our public schools. Today girls are learning to indulge in outdoor sports and play most of the games formerly the realm of boys alone. While the boys, not abandoning this field entirely to their sisters, have nevertheless found another equally if not more fascinating—the field of science.

"The automobile, the aeroplane, the wireless, radio and similar developments of our day have gripped and thrilled their imaginations. Consequently we find our boys today in the laboratories and in the libraries as well as on the athletic fields.

"And, consequently, with boys and girls rapidly growing into men and women and carrying these ideas into their married life, the whole realm of reading is being lifted to a higher plane. It is a good sign."

Poison Victim Recovers Harvey L. McConnell, superintendent of the Prudential Insurance company of Los Angeles, formerly a resident of Glendale and a brother of Mrs. P. W. Blumer, of Eagle Rock, is reported to be convalescent at Ocean Park from his recent attack of the dread malady "botulism," which caused the death of his sister-in-law, Mrs. Scholls.

Mr. McConnell's case was so unusual that it caused comment in leading papers all over the United States, as he is practically the only person on record who ever recovered from this deadly poison, which claims most of its victims with death inside of forty-eight hours.

Mrs. Blumer states that her brother had eight doctors and four nurses at the height of his strange illness, four of the doctors being furnished by the state.

Another peculiar angle to the case is the fact that the serum ran out at a critical time and although more was ordered by wire from Sacramento and Chicago, it failed to arrive in time. In spite of this, Mr. McConnell is said to be out of danger and on the road to health again, although he still observes a lack of sensation in his face and neck, that may be permanent.

Botulism is one of the rarest and most deadly diseases known to science, the effect of which is a paralysis starting at the base of the brain and spreading to the face and other parts of the body. One of its many peculiarities is that it causes its victim to "see double."

Rev. Prout on "Sick World." Another strange and fatal malady has come upon our world, according to Rev. C. S. Prout, who gave a strong discourse Sunday night at the Seventh-Day Adventist temple on Myrtle avenue, interspersing his remarks with stereopticon views.

This new malady that has gripped the world is causing civilization to crumble, Rev. Prout fears, and he quoted many authorities to prove his point, among them leading statesmen and writers.

"To understand this condition of things," states Rev. Prout, "we must go back in our minds to the time when Lucifer, a prince of the angels, rebelled against God and was cast out of heaven—and 'There was war in heaven says Revelations, 12:7.

"Invisible spiritual forces are lined up against each other upon the battle ground of the world, as really and literally as were the armies of Europe in the world war."

Rev. Prout told his audience that the remedy for a sick world is in a return to faith in the Word of God, the Bible—and most particularly in the faith and belief in the Word of Jesus Christ, the divine physician.

"Christ left the world a promise, when he went away, that he would come again. John, 14:3; Acts 1:11. 'That coming is the hope of the world today.'"

Rev. Prout announces that on Wednesday night he will give Scriptural proof that "Millions of people now living will die twice," instead of the erroneous conception, as he says, that "Millions now living will never die." This slogan so widely advertised.

Socials and Personals The Women's Twentieth Century club held their weekly card party at the clubhouse yesterday afternoon. There will be a luncheon and program at the clubhouse on Thursday, as previously announced, with excellent speakers, the topic being "The Bible in Literature."

Noll F. Herrington, who formerly owned the double bungalow at the corner of Floristan and Saturday, Sunday and Wednesday and picnic parties to Monte Vista park may use the hall any time by communicating with him. All the applicant need furnish is the music. There is a piano in the hall.

Baronesses and wives of working men alike are forced to take in lodgers in Vienna due to the city government control.

MONTROSE NEW BUILDING IS QUICKLY FILLED

Three Store Rooms Taken at Once; Variety of Trees in Parking Place

H. G. Dranger's new building at 827 Montrose avenue, Montrose, was not permitted to remain vacant long. Each of its three stories is now leased, two of them as mercantile establishments and the third as a restaurant.

The southern store has been open for the past month as a grocery under the management of Mrs. L. G. Marsh, who was formerly connected with the wholesale grocery of R. L. Craig. She is assisted by her daughter, Mrs. F. C. Engle and her grandson, Herbert E. Engle.

"Business is just fine," remarked Mrs. Marsh recently, "we are getting new customers all the time."

The middle store was opened about a week ago by J. A. Smith, proprietor of the Broadway Shoe Store at 312 East Broadway, as a branch shoe store. Mr. and Mrs. J. A. Smith will divide their time between the two establishments.

"We expect to have a shoe repair shop," asserted Mr. Smith, "and a cleaning and pressing agency."

The northern store will be opened soon as a restaurant under the direction of Jack Craven, proprietor of George's Place in the heart of Montrose. Mr. Craven is planning an especially fine dinner for the opening night.

Plants Park Space The county forestry department recently planted the park space at the corner of Waltonia drive and Ocean View avenue with a large number and variety of trees and shrubs at the request of the Montrose Chamber of Commerce. At the present time, Capt. F. J. Green is looking after the park. It is believed that it will soon be an asset to Montrose.

The Montrose Bank has as new directors, A. M. Brown and Donald M. Dewey of LaCanada. Until recently Mr. Brown was an active vice-president of the First National Bank of Montrose. Mr. Dewey is a business man. Fred J. Willis of Brawley is a new employe at the bank. His associates are C. A. Haskins, vice-president and manager, A. V. Adkins, cashier, and Miss Mary Brown. Deposits at this bank, which was established only a few months ago, now total \$150,000.

HARDING SERVES NOTICE ON FOES

Foreign Problems Secondary in Importance; Plans War on Blocs

By GEORGE R. HOLMES For International News Service AUGUSTA, Ga., April 10.—Great as may be the conditions of European affairs at this time, President Harding is more concerned today with questions of domestic policy than with the problem of untangling the skein of world disorders, and it is upon these questions of domestic concern that he will lay the foundation of the speech-making tour which he will make through the West in mid-summer.

Virtual notice to this effect was served by the president here at the conclusion of his vacation in the South, during which he has had an opportunity to carefully canvass the political future with his advisers.

"Our first concern is domestic affairs," Mr. Harding declared to a representative group of Southerners in the only public address he has made in weeks.

"We need not worry about international relations; I think I can assure you they were never better. We are not so involved in foreign affairs as some would have us believe."

Justice Paramount "It will be the verdict of Europe that the United States of America is the most just nation in the world; and justice, my friends, is the most that is talked about by even God Almighty himself."

President Harding spoke after midnight, following a number of speakers, who compared him to McKinley and lauded his administration as being "fair to the South."

The president did not go into details as to what matters of domestic concern he considered more important than the tangled state of foreign affairs, but it is known that taxation, railroad regulation, agricultural recovery, business prosperity and kindred matters of home concern will provide the major part of his theme on the western trip.

WHI Attack Blocs It is likely, too, that Mr. Harding will carry the issue presented by the farm bloc and other blocs in congress straight into the part of the country from which they sprang. He has indicated he will deal with the farm bloc more vigorously in his forthcoming addresses than he has in the messages he has addressed to congress.

"There is a menace in the cultivation of class in this country," the president declared in his speech here. There is a menace in the growth of blocs. Let us be on guard against the promotion of jealousy and envy created by class consciousness."

Mr. Harding's utterances here on foreign affairs were interpreted today as constituting an avowal that the United States has made no commitments abroad in the present embroglio in central European countries.

Mr. Harding's vacation came to an end Saturday. He left Augusta by special train, going straight through to Washington, arriving Sunday noon.

**News Notes And Personal
Mention About People In
Southern Section Of City**

FOLLOWING will be found news notes and personal mention about people in the southern section of Glendale. Southern Glendale is steadily progressing. New homes and business blocks are under way. Many people are purchasing property.

Two Bears and three dogs recently made an automobile trip from Glendale to Madison, Indiana, in twelve days. The two Bears were H. H. Bear and Wesley Bear, both of 1358 South San Fernando road. The dogs were Pop, Major and Jack. Other members of the Bear family made the trip by train.

Griffith Park formed a picnic grounds Sunday for several parties from Southern Glendale. One party was composed of Mr. and Mrs. Ed. Gabel and two children, Edward and Russell, and Mr. and Mrs. Gus Schuetz and son, Junior, all of 1412A South San Fernando road. Another party was composed of Mr. and Mrs. George M. Stull and two children, Margaret and Wesley, of 1424 South San Fernando road. All reported a pleasant time.

F. M. Irby and family of 1508 South Brand boulevard spent Sunday afternoon at Exposition Park, Los Angeles.

Orange blossoms make the valley boulevards especially beautiful at this time, according to J. M. Winchester of 2953 Estara avenue, Los Angeles, who spent Sunday motoring to Covina. He was accompanied by his parents, Mr. and Mrs. D. B. Winchester.

Mr. and Mrs. Charles Westrom, who operate the South Glendale Variety Store at 1413 South San Fernando road, Sunday motored through the up-country. They were accompanied by Mrs. L. Kunz and Miss Mary Jacoby of Los Angeles.

J. B. Murphy and family of 1426 South San Fernando road returned yesterday afternoon from a week-end trip to Taft. Mrs. A. W. Lingo, who has been spending the winter at 1529 South San Fernando road, was taken back to her home.

Mr. and Mrs. Gabe Cox of 1425 South Central avenue visited Saturday night by Congressman and Mrs. Edward T. Taylor, who are now en route to Alaska. The families were friends in Glenwood Springs, Colorado.

L. W. Russell of the Russell-Pierce Furniture Company, 1531 South San Fernando road, journeyed to Seal Beach Sunday to hunt for fish. He was accompanied by his brother, Gaylord Russell, a recent arrival from New York City, and Dr. O. A. Dietrich of 201A West Broadway. They found that the seals scared the fish away and the fish scared the seals away. However, they found plenty of water.

Santa Monica, Huntington Park and Bell included some of the itinerary Sunday of Mr. and Mrs. B. G. Jackson and son, Wesley, of 216 West Euclid street.

George Emerson, manager of the local branch of the A. W. Heitman Company at 1737 South San Fernando road, was in Los Angeles yesterday on business.

Mr. and Mrs. J. R. Nash of 1728 South San Fernando road spent Sunday afternoon visiting friends in Los Angeles.

M. Winters, manager of a construction company of Los Angeles yesterday inspected the progress being made at 1713 South San Fernando road on the Gateway Theatre. He stated that it probably would be ready for dedication in about sixty days. The roof is now being finished and the floor will be laid next week.

Frank W. Ferris of the Wilson-Bell Hardware Company at 1738 South San Fernando road went to Los Angeles yesterday on business.

C. H. Ambrosch, proprietor of the Glendale Monument Works at 1727 South Brand boulevard, is busy this week installing an air

compressor and other machinery in his branch at 3407 South San Fernando road, Los Angeles. This will be in charge of E. G. Lyons of Los Angeles.

"Charlie" Comfort, estimator for the Bentley Lumber Company of 460 West Los Feliz road, spent Sunday on the premises of the Encina Country club on the Ventura Highway looking over his cabin site.

Mr. and Mrs. Scott R. Schobe of Denver, are now visiting Mr. and Mrs. George A. Black of 4100 Los Feliz road. Mr. Black, who is the South Glendale druggist, is taking delight in showing Mr. Schobe the activity of Glendale. Mr. Schobe, who is a builder, is much impressed. He left fifteen homes under construction when he departed for the southland.

**Ice Is Essential in
Preservation of Food**

Refrigeration, according to doctors and domestic science experts, is the most important of all factors in the preservation of perishable foods, and as a protection against germs. This is shown by the fact that all food deteriorates even in cool weather, losing thereby much of its value, unless subjected to an even, constant circulation of cold, purifying air currents.

A block of ice—the finished product of an ice manufacturing plant—is one of the purest commodities in the world. Only the purest and most carefully tested water is allowed to enter into the manufacture of ice. This makes the frozen product actually more sanitary than water which is piped to the home for drinking purposes.

Many years ago, the so-called air-shaft was popular. Today, with the advancement of medical science, the establishment of health centers and lecture courses on public health—a refrigerator well filled with ice is regarded as the prime factor in the destruction of germ life.

One medical authority—Dr. W. A. Evans, Chicago health expert—states that ice is an absolute necessity in every home where there is a bottle-fed baby, if liquid milk is to be used. This is easily understood when it is known that at a temperature of over 50 degrees, bacteria will multiply very rapidly and milk will sour in a comparatively short time.

**Jeter Will Address
Business Men Tonight**

Beware of the young lady who spends all her time making "goo-goo eyes!"

Such was the warning issued Sunday night in his tabernacle on the northwest corner of Cedar street and Broadway by Evangelist Jerry Jeter.

Young women were advised to insist upon cleanness of life in their finances. He called attention to the fact that recruiting statistics in connection with the recent war showed that more than sixty-five per cent of American youths are physically unfit.

Business men have been especially invited to attend the services tonight, at which it is understood that Rev. Jeter will deliver one of the most stirring addresses of his campaign for souls. Delegations are expected from Hollywood.

**Mussolini Gags Press
Of Italy, Is Claim**

LONDON, April 10.—Recent declaration by Premier Benito Mussolini of Italy, that the people have grown tired of liberty and must be disciplined, is being translated into stern action at Rome, according to a confidential dispatch received from that city. Here is the first instance of it: Senator Berganini, editor of the Giornale D'Italia, the most important newspaper in Rome, discovered that the government had made an inquiry into alleged irregularities of certain Fascist societies in the sale of war materials. The war department was involved. Senator Berganini announced in his paper that the result of the government's official inquiry would be printed in his newspaper the following day and that it would throw light upon certain activities of Fascist chiefs. The following day the Giornale D'Italia appeared with a single word about the inquiry.

**Friends of Missing
Bandit Face Arrest**

WASHINGTON, April 10.—Two alleged confederates of Gerald Chapman, \$1,000,000 mail robber of New York, who threat escaped from the authorities at Athens, Ga., and is still at large, are under surveillance by department of justice operatives and their arrest will follow shortly, it was learned here.

**ROBINSONS

**Says Love Is Merely
Chemical Reaction**

NEW HAVEN, Conn., April 10.—When a young, or for that matter, an elderly chap, looks into a fair lady's eyes and feels a funny sensation which he believes is "southern emotion" he is wrong. What he is experiencing is a chemical reaction.

This declaration of "chemical reaction" being the real primary and ultimate source of all those "divine emotions" was made by Dr. Joseph S. Hughes, professor of chemistry at the Kansas Agricultural college in an address here. Any emotion, in fact, he said, such as love, hate, jealousy, etc., are simply caused by certain secretions in certain glands.

Experiments carried on by Dr. Hughes tend to verify this, he said. Chemical compounds are also being experimented with by which he can change a person's nature.

"By injecting a chemical compound to counteract the gland secretions and chemical formations formed by certain glands, I can change your whole nature," said Dr. Hughes.

In other words, in the future, when a young lad is helplessly prone to cast moon calf eyes on a young lass, and one wants to help him regain his equilibrium—why, just send him to a chemist and inject a compound.

Eggs that have been packed in waterglass will boil without breaking if the shell is carefully pierced with a strong needle, it is claimed.

Magazine and Feature Page

Daily News Letter

General News and Gossip from Staff Writers at Home and Abroad.

TODAY—Paul H. Egoft, Philadelphia correspondent, writes of the new big aerodrome under construction there, of the move to have Dewey's cruiser, the "Olympia," turned into a museum and of other news of the Quaker city.

TOMORROW—San Francisco is hot after the G. O. P. and Democratic conventions for 1924, writes Ellis H. Martin.

By PAUL H. EGOLF
For International News Service

PHILADELPHIA, April 10.—Overhauled and accorded a position of honor at some navy yard, to provide inspiration to future sailors and generations.

A good example of American skepticism was recently furnished here when Colonel John Litt, proprietor of one of the city's largest department stores, entered one of his own elevators to go to his office on an upper floor of the building.

"Hallo, buddy!" was the cordial greeting of the operator.

"Fourth floor," remarked the colonel, somewhat taken aback.

"Alright, buddy," answered the operator. "Say, do you work here?"

"Why, yes, I imagine so," responded the store owner, "you see I'm Mr. Litt."

"Thasso?" was the laconic response, as the operator opened the door. "Well, I'm Ellis Gimbel, buddy!" (proprietor of another of the large department stores). And the door slammed upon an amazed colonel.

The Philadelphia Rapid Transit company now boasts of a heavy-weight director in the person of Ralph R. Nyman, a 200-pound motorman, elected to the board of directors at the recent annual meeting of stockholders. The majority of P. R. T. employees are stockholders, due to a co-operative plan that forms the company's policy.

The bold bad bandit who specializes in obtaining sparkling gems by burglary or holdup methods is giving Philadelphia a wide berth, according to Superintendent of Police William B. Mills, who finds this city the twelfth on the list of large cities in the number of deprecations suffered in this particular field of criminal endeavor.

Chicago, according to figures of Superintendent Mills and the Jewelers' Security Alliance, leads in the greatest number of gem thefts and holdups, with New York next in line. Kansas City, St. Louis, Minneapolis, St. Paul and Detroit follow in order.

The navy yard back channel at present numbers among its dying gladiators Admiral Dewey's historic cruiser "Olympia," leader of the American squadron at the battle of Manila Bay in 1898. The Olympia is out of commission and, according to naval plans, destined for the scrap heap. The plight of the gallant vessel has aroused much interest here, and a number of patriotic organizations, including the Spanish American War Veterans, are preparing a petition to congress urging that the great admiral's flagship be turned into a museum for relics of the war with Spain, and be thoroughly

Wordy Witness Works Hardship On Reporter

KANSAS CITY, Mo., April 10.—Due to the verbosity of witnesses who testified recently in the trial of W. E. Stewart in the United States district court here two court reporters were given one of the most intensive workouts of their career.

Fifty thousand words a day was the average quota of voluminous testimony offered during the hearing. Bert Dummitt and Gordon Smith, who took turns in seating themselves directly beneath the witness chair, took every line of testimony, argument and debate between attorneys. The estimate of the aggregate number of words handled jointly by the stenographers was placed at 1,250,000.

More people rode on electric railroads in this country last year than in 1921, despite the competition of flivvers and busses.

Draws Money for Five, Spends It On Pleasure

CHICAGO, April 10. John Blank gave his bankbook to George Ward and sent him to withdraw money from the bank with which to pay a fine imposed on Blank. Blank waited in jail for Ward to return.

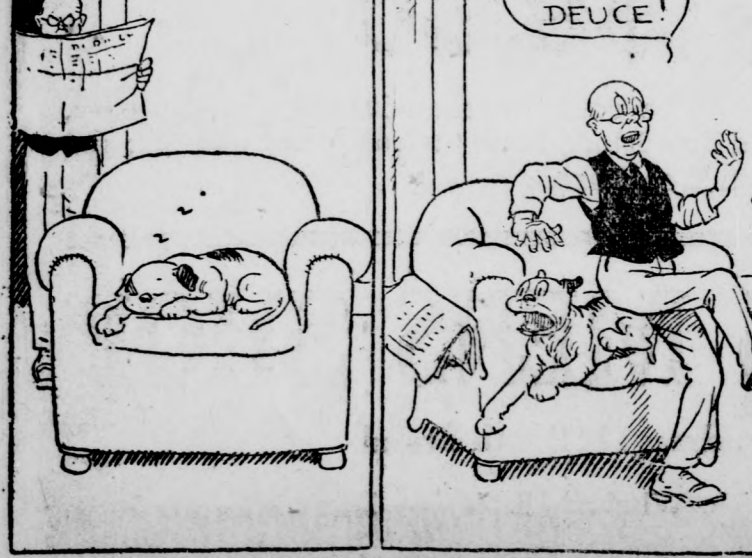

But Ward didn't return. Having served his sentence, Blank got out and learned that Ward had withdrawn his money and spent it upon his own pleasure.

Then Blank had Ward arrested, and he was given a fine of \$100 and a sentence of one year in the House of Correction.

Orange Blossoms Dipped In a Solution which makes it possible to ship them to waiting brides all over the country, brings an income to one woman in the west, in the busy season, of \$50 a day.

Copyright, 1923, by the International Syndicate

Questions of general interest to the motorist will be answered by Mr. Clough in this column, space permitting. If an immediate answer is desired, enclose self-addressed, stamped envelope.

BATTERY "TIPS" FROM THE HEADLIGHTS

They Serve As Useful Indicators Of Electrical Conditions

Everyone realizes that if the lights burn dim, when the engine is not running and the bulbs are not very much blackened, the battery is "low." In reality it means more than this and indicates that it is almost completely discharged, so far gone, indeed, that its effective voltage becomes noticeably reduced, even with a very small current flowing. Ordinarily, when this condition is reached, the starter will not operate or will, at the most, crank the engine very slowly. Long before a battery reaches this "far gone" condition, its partial depletion will become evident to anyone who watches the headlights, when the starter is being used. When the starter is operated, with the lights on, the latter will usually dim appreciably, even when the battery is at full charge, but if it is approaching discharge the dimming will be very much more marked and finally the cranking speed will be decidedly reduced. The operator should watch the lights, while cranking the engine, as he can thus obtain ample warning of the battery's approaching exhaustion. If the operator notes that the lights burn somewhat dimly with the engine idling very slowly, and that they brighten to normal candle-power, when the engine is momentarily speeded up,

NEW CAR'S GEARS SHIFT HARD

A. L. writes: I find that the gears of the car I have just bought are very hard to shift, and sometimes I am afraid that I shall break or bend the lever. Several times, when the engine has stalled, when I tried to start the car, it took me a long time to get into neutral. How can this difficulty be prevented?

Answer: This is rather a common difficulty with new cars and usually disappears, without any action being taken, as the transmission becomes limbered up in service. The shifting forks are tightly fitted on their slides and this work hard at first and the gear tooth faces are not as smooth at first, as they become after they have been in use for a time, which results in their sliding out of engagement less rapidly. Are you sure that there is plenty of the right quality of lubricant in the transmission housing? If there is not it should be provided at once. A somewhat fluid lubricant is now generally recommended and its use facilitates shifting.

CYLINDER HEAD LEAKS

P. W. asks: If the cylinder head gasket of an engine is slightly leaky, is there any harm in running it until a new gasket can be secured?

Answer: It is not a good idea to run an engine with a leaky cylinder head gasket for any length of time. The oil will leak into the combustion chamber and will be burned, and this will cause a loss of power and a bad smell. It is best to stop the engine and get a new gasket as soon as possible.

Spokane Business Men Go On 'Gimme Strike'

SPOKANE, Wash., April 10.—Business men, who turned down the Community Chest idea for raising funds last year, are now willing that it be revived here.

Drives, drives and more drives, for funds for this and that purpose threaten to drive men and women mad. Solicitors who have combed the city for dollars report contributors have gone on a strike. Those importuned to raise the money have inaugurated a unique "gimme strike." With the year yet young ten successive drives have utterly failed to raise established quotas.

Trial of Krupp Heads Postponed by French

ESSEN, April 10.—Trial of the four directors of Krupp, who were arrested by the French on the charge of instigating recent disorders when eleven Germans were killed, has been postponed. The trial was to have begun Saturday before a French military tribunal at Bredeley, a suburb.

Protests were made by German officials here over the action of the French military tribunal at Rockingham, increasing the jail sentence of Mayor Schaefer from two years to three years. His fine was elevated from five million marks to six million marks. Mayor Schaefer asked for a new trial.

"Lipstick" Girl Loses In Long Legal Fight

KNOBEL, Ark., April 10.—Miss Pearl Pugsley, central figure in the famous "lipstick" case, lost her legal fight in the supreme court here to uphold her right to use face powder and other cosmetics in the Knobel High school.

Uncle Wiggily Bedtime Stories

By HOWARD R. GARIS

UNCLE WIGGILY AND THE CUSTARD

Uncle Wiggily fopped to the store for Nurse Jane one day, buying the muskrat lady housekeeper some eggs, sugar and a box of yellow mustard.

"When you bring the things home," said Nurse Jane to the bunny rabbit gentleman, "I'll make you a custard."

"But not with the mustard, I hope," said Uncle Wiggily twinkling his pink nose.

"Gracious sakes alive! I should hope not," laughed Nurse Jane. "Mustard in custard wouldn't be very good. No, I want the mustard for pickles, but in the custard I will put only milk, sugar and eggs."

"So Uncle Wiggily hopped to the store, buying the eggs, sugar and mustard, and he was on his way home to his hollow stump bungalow, thinking how good the custard would taste after Nurse Jane had made it, when, all of a sudden, out from behind a tree jumped the Fuzzy Fox.

"Before Uncle Wiggily could hop out of the way, or play any sort of a trick on the Fox, the bad chap had caught hold of the bunny rabbit gentleman and began dragging him off to the den in the woods.

"I have you now!" snarled the Fox, keeping a tight hold of Uncle Wiggily. "I have you and you shall not get away until I nibble your ears in my den. You can't fool me by having a snapping turtle bite me, as you did the Bob Cat in the mud puddle yesterday."

"Alas! I wish I had a mud turtle to help me now, or some one," sighed Uncle Wiggily, as he was dragged along.

But there was no one to help him except himself, and, being a brave bunny gentleman, Uncle Wiggily began to think of how he might play a trick on the Fox and get away.

However, the bad animal kept such a tight hold of Uncle Wiggily that Mr. Longears could not get loose, and soon he was at the den of the Fuzzy Fox.

"Come inside now, and I'll nibble your ears," growled the Fox. "I would have nibbled them outside," he went on, "only a black crow might have seen me and he would have flown off and told the Wolf. And there are only enough ear-nibblers for one. Inside my den I'll have you all to myself."

"Oh, dear!" thought Uncle Wiggily. "I guess I'm surely caught this time, but I did not give up hope, and he kept thinking that he might yet find some way to fool the Fox and get away without having his ears nibbled.

"Here we are!" snarled the Fox as he opened the door of his den, thrusting Uncle Wiggily within and following himself. "Now as soon as I get my breath I'll nibble your ears. What have you there?" he suddenly asked Uncle Wiggily, seeing the packages in the bunny's paws.

"I have here some things Nurse Jane sent me to the store to get," answered the rabbit gentleman. "Nurse Jane is going to make me a custard. Oh, I say, Mr. Fox!" cried the bunny gentleman, as he had a new idea. "Wouldn't you like me to make you a custard? It would go well with ears, I should say. Let me make you a custard."

"Hum! A custard? Yes, you may," said the Fox. "Mix me up a custard and I'll eat that before I nibble your ears. It will give me an appetite."

Uncle Wiggily broke the eggs in a bowl and stirred them up. He stirred some sugar in the beaten eggs and then, when the Fox wasn't looking, Uncle Wiggily emptied in the whole tin of mustard. Being yellow, like the eggs, the mustard did not show once it had been stirred up.

"How are you coming on?" asked the Fox, looking in the bowl. "Will the custard soon be ready?"

"Yes," answered Uncle Wiggily. "Will you have it raw or cooked? It will take some little time to bake it."

"I'll take it raw," answered the fox. "Then I can the sooner nibble your ears. Yes, you have made me a custard. I can tell because it is yellow," he went on, looking in the bowl, but knowing nothing about the mustard. "I'll drink it. Give it me!"

Quickly and impolitely the Fox swallowed the mustard custard. He said nothing for a moment, and then, when the mustard began to burn his stomach, tongue and throat, the Fox turned three somersaults in the air, one right

after the other. He gave a terrible howl and yelled:

"Fooled again! Oh, how I burn! I'm on fire! I don't know what Uncle Wiggily did, but I guess he poisoned me! I must run for some ice water!" And out of the den ran the Fox and then Uncle Wiggily hopped safely home to his hollow stump bungalow.

He got more eggs and sugar

for Nurse Jane to make the custard, and as they ate it that night they laughed at how the bunny had played a trick on the Fox. And if the gold fish doesn't try to sing like the canary bird and scare the milk bottle so it falls off the back steps, I'll tell you next about Uncle Wiggily and the cake.

Copyright, 1923, by McClure Newspaper Syndicate

Two Prisoners Admit Slaying of N. M. Sheriff

RATON, N. M., April 10.—Confessing, according to police, to the slaying of Chief of Police Davis here last Friday night, two men are in jail here following their capture by a posse after a two-day man hunt near Schomberg, twenty-five miles south of here. The men gave their names as Clyde Norman, 28, and Oscar Brigance, 22, both of Kendrick, Okla. A statement from the sheriff's office declared the men admitted they had been drinking and shot Chief Davis when he jumped on to the running board of their stolen automobile. The machine is said to have been stolen in Dodge City, Kan.

Restrictions Unfair To Oil Dealers, Ruling

WASHINGTON, April 10.—The supreme court of the United States has decided that an unfair business system has been developed by oil companies by restricting use of pump and tank equipment rented at nominal rates to retail oil dealers.

Suits brought by the federal trade commission appealed from adverse decisions in lower federal courts setting aside an order directed against oil companies to desist from their practice as in conflict with the Clayton anti-trust law, the supreme court affirming decisions of the lower courts.

Games Will Feature High School Party

Plans are being made for a girls' party from 2 to 4 p. m., Thursday, April 26, on the athletic field under the auspices of the physical education department of Glendale Union High school. Basketball and volleyball games are being scheduled by Miss Florence Knight, Miss Lillian Shattuck and Miss Carey Ballard, instructors in this department. Girls from the local intermediate schools and the upper grades at Eagle Rock, Tujunga, Sunland and La Crescenta will be guests.

Absinthe became popular in France during the war with Algiers, from 1844 to 1847, when the French soldiers mixed it with wine to keep off fever.

Health surveys in all kinds of schools show that the best nourished children come from the homes of the better paid workmen.

Kellogg's Bran guarantees permanent
relief if it is eaten regularly. Two
tablespoons each day; as much with
each meal in chronic cases—taken con-
sistently—will work health wonders,
driving out toxic poisons, freeing
affected organs and allowing nature to
eliminate the wastes in its own way!

Think what this means to health
when you know that constipation is
responsible for a large majority of
human ailments; that it is often the
direct cause of Bright's and diabetes;
that, in milder form, it is responsible
for sick headaches, biliousness, nausea,
sour breath, pimples, etc.

Get a package of Kellogg's Bran
to-day and fight against constipation
and what it leads to! Free your family

Fun Revue Contest Lures
Poets and Others to
Write Parodies

Numerous glib rhymers and
poets de luxe are brought to light
as the Glendale Community Play-
ers "Fun Revue" contest
progresses.

This revue will take place
April 19 and 20, and is a spark-
ling musical comedy under the di-
rection of Mrs. Nanno Woods.
The Community Players are pro-
ducing the piece as a benefit for
the Glendale American Legion
building fund.

The following handsome prizes
are offered by local merchants
for the best parodies on the songs
"Mr. Gallagher and Mr. Shean,"
"Taboo" and "Barney Google,"
by the White Oak Pharmacy;
leather music satchel, offered by
the Glendale Music company;
eleven-piece set of Pyrex glass
baking dishes, offered by the
Wilson-Bell Hardware company;
choice of gold ring, mantel clock,
silverware gift set or mesh-bag,
offered by the Lewis Jewelry
company.

If you can write poetry, verse
or "worse," you should get busy
right away on parodies of the
above songs and send them in to
the Contest Editor, Glendale Even-
ing News, care of the Commu-
nity Players' contest, is the advice
of Miss Dorothy Morton of the
contest committee.

The following verses, recently
received, were written by Edith
Boyd Holway, 201 West Bur-
chett street:

Oh, Mister Gallagher, Oh, Mister
Gallagher,
What makes you look so happy,
Mister Shean?
Because the papers say Glendale's
having dollar day,
And the finest bargains you 'ave
ever seen
Why, Mister Shean, Why, Misher
Shean,
I wonder could I get a good ma-
chine?
Jesse Smith has quite a show, so to
him I guess I'll go.
Positively, Mister Gallagher?
Absolutely, Mister Shean.

The Glendale Community Play-
ers could use a good violinist in
the forthcoming production,
production, states Mrs. Nanno
Woods, and a couple of pretty
girls could also have parts as ex-
tras if they apply to her at once.
Mrs. Woods' address is 122
West Milford street and her
phone number is Glendale 394.

BIG DEMAND FOR
BANQUET PLACES

Sage of Verdugo Hills Will
Preside at Farewell to
Father O'Neill

The popularity of the Rev.
James S. O'Neill, retiring pastor
of the Holy Family Church of
Glendale, among his parishioners,
and the large number of non-
Catholics who have met him dur-
ing his long service here, has
been attested by the heavy de-
mand that has been made for
reservations to the farewell ban-
quet which will be given tomor-
row evening in the Tuesday Af-
ternoon Club.

Reports from the heads of the
various committees in charge of
the testimonial, which has been
arranged in recognition of Father
O'Neill's promotion to the pas-
torate of St. Clara's church at
Oxnard, show widespread enthusi-
asm over tomorrow night's event.

The banquet, owing to the lim-
ited accommodations, will be re-
stricted to 350, but all of Father
O'Neill's friends will have an op-
portunity to bid him a fond fare-
well at the public reception which
will follow the dinner.

According to the plans which
have been outlined by the com-
mittee, the toastmaster will be
John Steven McGroarty, sage of
the Verdugo Hills, who long has
been a close friend of Father
O'Neill. Among the speakers se-
lected to express the mingled re-
gret and joy of the community
over Father O'Neill's appointment
to new honors, are Mayor Spen-
cer Robinson of Glendale, Jesse
E. Smith, president of the Cham-
ber of Commerce, Joseph Coyne
of Los Angeles, State Deputy of
the Knights of Columbus, and
James F. Degnan, as the repre-
sentative of the parishioners.

French Deny Plan to
Quit Ruhr Territory

PARIS, April 10.—Premier
Poincare has addressed a note to
Belgium reassuring the Belgians
that the recent visit of Louis
Louchour to London was not a
mission for the French govern-
ment and that the French troops
would not evacuate the Ruhr, un-
til German reparations are com-
pletely paid, according to the
Echo de Paris.

British Cabinet In
Unemployment Study

LONDON, April 10.—Labor
unrest was one of the chief top-
ics discussed by the cabinet just
convened after the Easter holi-
day. While there were about
100,000 men idle on strikes in
the British Isles, officials claimed
the situation is growing better.

COMMENT
That's All

Automobile Legislation
Graves Should Be Sacred
Sounds Word Of Warning
Regarding School System

By Gil A. Cowan

IN Sacramento they are putting
the finishing touches on au-
tomobile legislation—a task that
is almost as herculean as the in-
dustry itself.

In the neighborhood of four
score representatives of various
associations have been in con-
ference with the solons to make the
bill as nearly perfect as possible.

Radical changes may be ex-
pected, if the Breed bill passes.
One is a flat registration fee of
three dollars, contingent on a
two cent per gallon gasoline tax.

Another is the restriction of
width of trucks, the limitation of
weight to 22,000 pounds and an
eight point headlight test.

Illustrative of the difficulties
encountered when the illumina-
ting engineers of the University of
California made their report on
the subject the matter of control-
ling acetylene and Prest-o-lite
lights were the subject of more
than two hours' consideration.

It was stated that heavy trucks
cannot use the delicate electric
lighting and generating systems,
but find gas lights satisfactory to
their needs. There are more
than 50,000 machines so
equipped.

Because of the slight beam it
is impossible to use deflectors
and without an exemption clause
the gas light would be legislated
out of existence. And so it goes
with every effort to amend our
statutes.

Perhaps the death of the Earl
of Carnarvon will give the pulp-
it orators something to preach
about. Was he cursed for
tampering with the grave of
old King Tut? The Egyptians
think so, but in this enlighten-
ed age the public is inclined to
"pooh pooh" such a theory.

Yet disturbing the graves of
the dead, be they 3000 years bur-
ied or three weeks, is not to be
lightly undertaken. Indeed, it is
sacrilegious and we are glad
to note the courts of Oklahoma
restraining an oil company from
drilling in a cemetery.

"Let their bones rest in peace"
should be observed by all mortals,
regardless of the relics or the oil
or the gold or the business loca-
tion.

It is good to note that mem-
orial parks in this vicinity are or-
ganized as trusts providing for
perpetual care.

Charles W. Nash, motorcar
manufacturer, sounded a word of
warning in a recent speech when
he decried the policy of business
men today of "getting theirs
while the getting is good."

Over-inflation is to be zealously
guarded against in all lines.
Better by far that people take
no profits rather than decrease
the value of their original invest-
ment.

It is Mr. Nash's idea that in-
creased taxes and increased in-
terest on loans will do much to
make unwise investments in real
estate, merchandise and motor-
cars almost impossible.

That sounds like a logical con-
clusion in practical economics,
but how many men see things in
the same light that Mr. Nash
does?

Purchase of a site for a Boy
Scouts' camp in Haynes canyon
by the Rotary club is commenda-
ble. It is only one of many
things which will go to make
Glendale the most humanly inter-
esting city on the Pacific coast.

The American Legion's desire
for a new club home on a site of-
fered them by the city; the con-
struction of a new Masonic tem-
ple—all of these things are mile-
stones in the city's progress
which in future years will be the
source of much pleasure to those
who have made them possible.

Read what the Sacramento
Union has to say of the Califor-
nia school system:
"Under his nursing, school
costs have mounted, and mount-
ed, and mounted until today it
costs more to put a boy or girl
through the grammar school than
it did through Harvard university
fifty years ago, and what is still
more appalling, with an educa-
tion ordinarily that is not equiva-
lent to the fifth grade of fifty
years ago."

"The public schools must ever,
in every branch and limb, be kept
under the control of the people,
and this power of control must
never be delegated to any power
on earth."

"The people of each particular
district must be allowed that
American right to select and
choose certified teachers who
measure up to their ideals and
their standards and their require-
ments."

"The public schools must be
made not only to produce a bet-
ter article, but their control must
be returned to the people of each
particular district."

"Assemblyman Dozier's bill to
repeal the teachers' tenure act is
meritorious and ought to be
passed by the legislature."

A Camp is Named

TODAY'S SHORT STORY
By Ad Schuster

Story has it that in the days of '49 men were careless with the use of firearms, and that most of those who met death did so with their boots on and to the bark of pistols. Your old-timer who lived in the roaring fifties, and who knows the real story first hand, will dispute this unless he is romancing for the benefit of the gentle. Yet, there is the story of Dead Man's Camp.

The camp, known then by several names, was down on its luck. It was just promising enough to keep the men busy washing in the gravel of the river bed and poking away in the hills. Those who knew how to read the signs predicted someone would strike it, and everyone waited to be ready to stake out his claim next to the lucky man.

There came stories of strikes in nearby camps, and men packed up and left their cabins starting empty-eyed at the river. Counting the parson, there were less than twenty left, and the town had held three hundred.

In the evenings the faithful met in the one saloon which remained open, exchanged stories of the day's prospecting and vowed they would live to see the old town hum once more. Then the stranger a lank Pike from Missouri, blew in with his insolent grin and disparaging remarks.

"So this is the famous camp I've been hearing about," he said. "Very busy place, too, with all the old stones locked and nobody around but a parson and a few old men who are too lazy to move. What you need here is somebody of enterprise."

It was not very much of a speech, but it fell at the right time to produce results. When the smoke cleared, the mirror was shattered and men were backed against the four walls. The stranger was shot.

No one went to work the next day. There were discussions on the corner and preparations for the funeral. Generally it was conceded the punishment of the stranger had been too severe, and that the only way to atone would be to do the handsome thing at the cemetery.

"He hadn't order of talked like that," Fiddlebow Watson expressed the accepted opinion, "and

we hadn't order been so hasty at resentin' it. The thing figgers up about even."

The procession crossed the river to a level field, which had been selected some time before for a cemetery, should the need arise. Parson Fishel led the way, the mourners following with a becoming show of solemnity.

With all the men in camp before him, the parson started to speak. It was seldom he had an opportunity like this and he was not going to let it pass. Those who heard the address agreed it started with a eulogy of the stranger and then became pointed at personal. The preacher dug down to the brimstone and spared no one.

After twenty minutes men began to shift and grow uneasy. If there had been any seats it would not have been so bad. The parson grinned at their discomfort and kept it up. The chance was too good to lose, and, besides, he felt he was evening up for a lot of neglect at services.

Abner Atterbury yawned and kicked the dirt at his feet. They stooped and picked up a handful of soil. The circle did what miners of the town over would have done—they watched the man who was examining carelessly the dirt in his hand. The parson raised his voice, and Abner picked up another handful and patted it over excitedly. One after another, men stooped to do the same.

"There is a reason this camp is all but deserted," the parson shouted, then he realized he had no hearers. The sermon stopped and the parson's eyes were on the ground. No one of the mining party could have withstood the temptation. The preacher poked at the soil and added his comments to the buzz which arose.

By common vote, prospecting stopped long enough for a delegated committee to find another cemetery, then the claims were staked. The flat piece of ground which had been neglected as not being river bottom or slope became a gold camp that is known to history. Descendants of the parson are millionaires now.

Diet and Health

By Lulu Hunt Peters, M.D.
Author of Diet and Health, with Key to the Calories

CLASSES OF FOODS

Any child can understand the comparison of his body to a stove. He knows that the stove has to have coal or wood or gas to burn in order to give off its heat and make us warm or to cook our foods. If the stove is given too much fuel it clogs and won't burn, and if it is given too little, the fire goes out too soon. And if it is not cleaned out regularly, the grate becomes clogged and causes trouble.

Children can also understand that the fuel given to the stove does not build itself into the stove and make the stove grow any larger, nor repair it if it is broken; but that the food they eat does build itself into their bodies and makes their muscles, their eyes and ears and everything grow. It also furnishes material to make good the wear and tear of their bodies—the wear from play and work, and the wear when they cut a finger or skin their knees.

They can also understand that it is very important to have the right kind of fuel (food) and enough of it, because their little human body stoves have to work all of the time, even while lying asleep. Their hearts have to beat, their lungs have to fill themselves with air and expel it, their stomachs and intestines keep busy digesting food or calling for more. Oh, there are many things going on that require good food to keep them going.

In yesterday's paper I gave you a list of elements that have to live in our bodies in order to live. We have to take these elements second-hand from the plants because we cannot take them direct from the air and soil as the plants can. Plant cells have the power to convert the light and heat of the sun into the chemical energy that can combine with these elements of the air and soil.

These elements built into the plant are converted into three great classes of foodstuffs known as fats, carbohydrates, and proteins. Combined with these fats, carbohydrates, and proteins are found the vitamins, essential salts and water. (We sometimes call essential salts the mineral salts, or mineral elements, or "ash.")

It is interesting to know that the large plants we can see depend upon countless microscopic plants called bacteria (germs or microbes mean the same) to set the elements free from the dead plants and animal material in the soil by causing what we know broadly as decay, so that the living plants can feed on them. Some of these bacteria furnish acids which cause the rock fragments to crumble and give up their elements. The knowledge of the bacteriology of the soil is used by farmers when they rotate their crops, use different kinds of fertilizers, etc. This makes what is known as scientific farming; courses are given in colleges on the subject.

(You will be glad to know about these germs. Perhaps you had thought that all germs were disease-producing. In reality, there are not more than a few dozen of these known disease microscopic germs—we might call them the weeds—among the bacteria, and there are thousands of the good little microscopic plants which are of benefit to mankind aside from those of the soil.)

You must know a little something about these different food classes, carbohydrates, protein, fat, vitamins, and essential salts. Sherman says, comparing the human machine to a gasoline engine, that the fats, proteins, and carbohydrates correspond to the fuel. The proteins and some of the mineral elements correspond to the materials of which the machine is made. Other mineral elements correspond to the lubricant, and vitamins correspond to the ignition sparks without which the engine cannot run, no matter how perfect the other supplies are.

We must get the correct proportions and sufficient of each of these foods. Then we will get what we call a balanced diet. Ordinarily, in speaking of a balanced diet we think of the right proportions of fats, proteins (meat elements in food), and the carbohydrates (starches, sugars, and cellulose—woody or fiber part of plants). But it is very important for all of us that we also think, in this matter of balanced diet, of getting sufficient of the mineral elements, the vitamins and water in the right proportions—and it is especially important for us to

BEAUTY CHATS

EDNA KENT FORBES

ANSWERED LETTERS

Discouraged.—Unless you can have this hair destroyed by the electric needle it is best to extract the coarse hairs and bleach the fine ones. You will have to repeat the work every time the hair is disfiguring. Use tweezers that come especially for this, and see to it that they have blunt ends. Those with sharp edges cut the hair off before it can be extracted from the root. Peroxide will bleach the finer hair.

Worried and Thank You.—If you send a stamped, self-addressed envelope for mailing, I shall be glad to send you a formula for an eyelash and eyebrow tonic.

Martha J.—Reduce the hips by massaging the flesh every day and by taking special exercises. Stand upright and place hands on sides at the waist-line, bend forward at the waist and then swing the body around to the right without breaking at the knees. Try to describe a circle, first to right and then to the left.

Another exercise is to take the same position and raise the hands and arms straight above the head; bring them forward and describe a semicircle as you carry the hands down until they touch the floor, while at the time there is no breaking at the knees. Be moderate at first in taking these exercises, but increase the number of times as you practise.

A Constant Reader.—There are certain types of women that are very much improved by wearing ear rings, so you must have misunderstood the statement; and there are very few women who can wear the extra long ones. The women to whom they are becoming, however, have a great advantage, if they know how to dress to go with this style. The women who look best are those with fine profiles and well-shaped heads.

Bandit Queen Directs Holdup at Beverly

LOS ANGELES, April 10.—Police detectives are hunting for a bandit "queen" and two men companions who held up and robbed M. A. McLaren and Miss Evelyn Giedt as the young couple were motoring near the Beverly speedway.

The victims reported that the woman leader drove the bandit car which overtook McLaren's machine and forced him to the curb. Then the woman bandit directed the work of her two men aides as they robbed McLaren of a \$500 ring and cash, and Miss Giedt of a \$50 ring.

Solon Campaigns for Silver Consumption

TOKIO, April 10.—United States Senator Thomas J. Walsh of Montana has arrived here on the President Wilson. He is touring the oriental countries in the interest of bringing about a greater consumption of silver.

Asked upon arrival here if he had heard the suggestion to curb American railroad interests engaged in working up sentiment in opposition to the operation of United States shipping board vessels on the Pacific, the senator expressed the opinion that the railroads may fear being taken over by the government providing shipping board operation of passenger and freight vessels proves successful.

Governor to Provide For State Bureaus

SACRAMENTO, April 10.—In a statement issued from the executive officials it was declared that Governor Richardson will provide for the support of the state board of charities and corrections, the immigration and housing commission, the state mining bureau and the building and loan commission, if these agencies are not consolidated or eliminated by bills now pending in the legislature.

The statement also stated definitely that the governor will present his budget recommendations to the legislature within a few days.

Workers Threaten to Flood German Mine

ESSEN, April 10.—French troops have occupied the Waltrou mine, firing upon the German workers when they protested against the arrest of the mine superintendent. No one was wounded. The maintenance men went on strike, threatening the colliery with inundation. When the council of workers protested to the French they were menaced with arrest.

A robin travels about twelve miles a day, while the average for the summer redbird, ruby-throated hummingbird and nighthawk is 28 miles a day.

Side Talks by Ruth Cameron

SOMETIMES THERE'S A REASON

"You are too sensitive. You ought to try to get over it." That is what a man I know always says to his wife whenever she is hurt or grieved by anything that he says or does.

He bawls her out in front of a crowd of people because she doesn't understand something he asks her to do—

He makes caustic remarks about marriage in the presence of others which would give the idea to one who didn't know better that he regarded his own marriage as a failure—

He makes one of those comments that are supposed to be jocular but that have a sting—

He makes some unkind comment on her clothes or appearance or conduct that he can say was "just a joke, only you never can take a joke," if she objects to it—

His Justification

And then if she makes any protest, shows that her feelings are wounded, he says: "You are too sensitive. You ought to try to get over it. Nobody likes people who are always having their feelings hurt."

I wonder if you ever met this man or anyone like him? I don't think the type is very uncommon.

There has been quite a wave of condemnation of the supersensitive habit of mind.

And it is entirely justified. Super-sensitiveness comes from self-pity and egotism.

There is an article in one of this month's magazines that I think everyone ought to read in which sensitiveness is taken up as one of the things that keep us apart.

A Sick Ego

"Another form of egotism is sensitiveness," says Dr. Frank Crane. "It is extremely difficult to live with a person when you are in constant fear of treading on his toes. It is too much to ask of anyone to enjoy constant association with anyone so thin-skinned that he cannot be touched without causing pain. Sensitiveness is merely a diseased condition of the ego and comes from loving ourselves and thinking of ourselves so much that we turn the most innocent acts into offenses."

Splendid. Absolutely true. . . . But, like all inspired truth, it can be interpreted in several ways. Even as I read that and agree

Declares Bats Don't Relish Mosquito Diet TAMPA, Fla., April 10.—Bats to combat the expected mosquito epidemic in Tampa this year. "Bats," says Dr. J. R. Harris, city health officer.

His terse comment was called forth by newspaper announcement that a big real estate development would import a large number of the bird-animals for that purpose.

"The facts about bats," said Dr. Harris, in a brief interview, "are that they will eat mosquitoes when there is nothing else at hand. But mosquitoes are too small fry for them. They want the larger bugs and insects, and as long as the latter are present the bats will not bother the mosquitoes. This has been proven by extensive experiments by the United States government.

SPORTS CHATTER By BILL UNMACK PACIFIC SPORTS SERVICE

The program of the 1924 Olympic games has just been completed by the French Olympic committee. The games run for practically seven months starting January 20 with winter sports and finish up July 28 when the Olympic committee meets to conclude the business of the Olympiad. The program as announced is as follows: January 20-Feb. 5, (10 days) winter sports at Chamonix. May 3 to 19 (16 days). Rugby football. May 15 to June 9 (26 days) soccer football. June 19 to July 5 (15 days) polo, except June 23.

July 21 to 24 (4 days) Demonstrations of games of pelota basque. July 21 to 27 (7 days) Horse riding and jumping. July 23 to 27 (5 days) bicycling races, road and track events. July 24 to 27 (4 days) Yacht races. July 27, Closing day of games, distribution of prizes. July 28, 10 a. m. July 29 and July 30, Meeting of various Olympic committees and International Olympic committees.

The American Olympic committee has announced that it is already preparing for sending a team to the games and that for the first time in the history of the Olympic games this country will be officially represented in polo and tennis. It will be noted that the program does not include golf, but American officials anticipate that the 1928 Olympiad will have this sport as one of the programmed events.

While the Olympics officially open on January 20 with a ten-day program of winter sports, the real heavy part of the activities does not come until the summer. This country will also be represented in the winter sports and it is probable that the winners of the national championships during the past winter will be selected to represent this country. There is, however, a chance that there may be a possibility of holding the U. S. championships in December, 1923 instead of January as is customary in which case the winning champions will be sent to Paris.

All in all the arrangement of the program is satisfactory to the American committee. There are only two small instances where other duties would have been more suitable to this country, but on the whole the program is well thought out on dates to accommodate the majority of nations.

NEW YORK, April 10.—Take three pitchers away from the New York Yankees and, far from being a prospective pennant winner, they might do well to finish at the head of the second division. Nothing startling or unique about that, of course. One might just as well suggest taking the whiskers of Uncle Joe Cannon and note how quickly he becomes clean shaven.

The point we are trying to make is that the Yanks lean more heavily upon hitting, contrary to popular belief. They lost Ruth and Munsell for the first six weeks of the 1922 season and were able to step along at the head of the American League procession. The answer? Pitching.

On the other hand, the Detroit Tigers could lose several pitchers and the St. Louis Browns virtually every member of the staff, with the exception of Urban Shocker, and still be little the worse for it. The answer? Hitting.

However, if Cobb and Heilmann were lost to the Tigers and Sisler and Williams to the Browns these clubs might tumble even faster and further than the Yanks without Bushy Stuyvesant and Hoyt. They are being carried by the punch in their batting orders just as the Yanks are being carried by the so-called five-star pitching staff.

That is just the reason the Tigers and the Browns are regarded as being so dangerous this season. They do not need as good pitching as the Yankees do, and therefore the development of a single pitching star by either Cobb or Fohl during the training season may swing the balance of power to either or both of the western entries.

Consider the Tiger array, for instance. Judged upon last season's records, Cobb can muster nine regulars who can hit for an unprecedented team average of .324. It will take a lot of profligate pitching to spoil that kind of hitting.

RATE GIANTS AS PENNANT WINNER Easy Victory Is Predicted For New York as 1923 Season Opens

By DAVIS J. WALSH NEW YORK, April 10.—The New York Giants will win the National league pennant again this season, unless liquid soap is an excellent beverage. The Giants are almost as certain as next week. They are a great ball club to which natural maturity and the steady influence of better pitching have been added since the start of the last campaign, and their ultimate victory seems nothing less than a formality at this time. They should be five games in front at the wire.

Chasing them home at a more or less respectful distance should come the Pittsburgh Pirates, the Cincinnati Reds and the St. Louis Cardinals, rated in the order named. They are logical first division clubs just as the Chicago Cubs, the Brooklyn Dodgers, the Boston Braves and the Philadelphia Phillies seem destined for the realms below. However, the nineteenth amendment, making it a penal offense to surprise, go contrary to and otherwise embarrass a baseball forecaster, is yet to be enacted.

The Giants seem to be the only sure thing bet in the layout. They fairly bristle with class and if they do not front run in the field from first to last the greatest form upsets since the Braves beat the Athletics in 1914 will follow. Briefly, their improvement over 1922 is caused for these reasons: Better pitching because of the addition of Jack Bentley and the fact that John Scott and Hugh McQuillan are available for a complete season; better infield defense, if possible, from the so-called million dollar quarter, because it figures to develop even greater speed and surety during its second year of operation; the presence of seven 300 hitters, and the addition of Jimmy Connel and McGraw's more determination to win than ever because of the possibility of being a three-time world champion manager.

Unfortunately for the sake of interest in the race, the rest of the field has not kept pace with the Giants in the matter of off-season improvement. The Reds are generally picked as the logical contender, but the writer rather leans towards the Pirates, a fast starter.

AT CHICAGO—Charlie White beat Johnny Williams in ten rounds; Harold Smith and Eddie Coulton, ten rounds to a draw; Joe O'Hara beat Joe Swanson in ten rounds.

AT LOUISVILLE—"Speedy" Sparks of Cincinnati, gained decision over Jack McCarron, Allentown, Pa., twelve rounds; Phil Keith of Birmingham, beat Kid Meyers, Louisville, six rounds; Joe Anderson, Latonia, won over Young Jack Dillon of Nashville, eight rounds.

AT NEW YORK—Charley Pitkin, Meriden, Conn., got decision over Sammy Stone, New York, ten rounds; Danny Lee, New York, was disqualified in eighth round of his bout with Maxey Williamson, Philadelphia, the referee claiming Lee was not trying.

AT BROOKLYN—Billy Rickoff, Brooklyn, and Johnny Gray, Brooklyn, fought a draw, twelve rounds; Marty Summers, Brooklyn, fought a draw, twelve rounds; Marty Summers, Brooklyn, got decision over Moe Herscovitch, Canada, twelve rounds.

At Buffalo—Charlie O'Connell, Cleveland, defeated Teddy Myers, Buffalo, twelve rounds; Benny Valgar, France, defeated Jimmy Godrich, Buffalo, twelve rounds; Jimmy Slattery, Buffalo, defeated Tony Sorocco, New York, nine rounds; Freddie Thompson, Geneva, defeated Fritzie Miller, Lancaster, six rounds.

At Pittsburgh—Cuddy De Marco defeated Frankie Brown, ten rounds; Louis Dearco defeated Patsy Young, ten rounds.

At Detroit—Bobe Sage defeated Young Fisher of Buffalo in ten rounds.

At Warren, Ohio—Tony Zill of Youngstown knocked out Tommy Teigue of Toledo in second round.

At Canton, Ohio—Dick Mette, Youngstown, and Patsy Johnson, Akron, draw, ten rounds.

Five Princes Work For American Girl

Miss Florence Myers of Hinsdale, Ill., now a near east relief worker at Tiflis, in the Caucasus, has five real Georgian princes on her payroll. Each receives \$5 a month.

Tonight the Jensen Strugs will meet the Jesse Smith Fords. In the special match, Saturday night the Glendale team defeated the Pasadena boys. The Glendale boys gathered 2500 pins to 2687 for Pasadena.

Residents of the southern section of Glendale have taken kindly to the recently established Community Savings & Commercial Bank of Glendale, which, in the course of its brief existence, is rapidly nearing the quarter million mark in its resources, the exact figure being \$201,310.04, as shown at the close of business on April 3. The individual deposits total \$92,799.96, and the savings department shows deposits of \$39,705.85.

Dan Campbell, vice president of the Community Savings & Commercial Bank, feels that the institution and its officials are rendering a distinct service to the people of the south end of the city, by affording them the most modern banking facilities and effecting an immense saving of time for the business men of that part of Glendale, combining with the management of the bank a management that is based on the soundest principles of banking, carried out by men of wide experience in the financial field of this state.

All records for fishing were broken on this coast last month, the report showing that 11,310,536 pounds were brought in, the greater portion being sardines for the canneries.

Three members have been admitted to membership in the Glendale Chamber of Commerce within the last week, these being the California Tylee Co., 4707 Hollywood boulevard; Crossland Brothers, 225 East Broadway; and E. C. Huyck, 1012 San Fernando road.

More food energy can be produced in a given area from sugar beets than from any other crop of the temperate zone.

Charter No. 10412

Reserve District No. 12.

REPORT OF CONDITION OF THE

First National Bank in Glendale

At Glendale, in the State of California, at the close of business on April 3rd, 1923

Table with columns RESOURCES and LIABILITIES. Resources include Loans and discounts, Overdrafts, U. S. Government securities, etc. Liabilities include Capital stock, Surplus fund, Undivided profits, etc.

STATE OF CALIFORNIA, County of Los Angeles. I, John A. Logan, Cashier of the above-named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief.

Correct—Attest. W. W. LEE, DAN CAMPBELL, O. S. RICHARDSON, Directors. MILDRED MENTZER, Notary Public. My commission expires January 11, 1926.

WOUND OFFICER

CALEXICO, April 10.—United States Customs Inspector Paul Miller was in a hospital at El Centro seriously wounded today while a search was being made along the border for two Mexicans, one of whom shot the customs inspector when he halted the pair at the border line last night.

A portable rocket pistol that weighs only six pounds, recently invented in England, will throw a life line for rescue work nearly 400 yards.

Either is made on a large scale by mixing sulphuric acid and alcohol in certain proportions, and then distilling the mixture with more alcohol.

JACOBS ON STAND

SAN DIEGO, April 10.—The big sensation in the trial of Dr. Louis L. Jacobs, army captain and surgeon at Camp Kearny hospital for the murder of Fritzie Mann, is expected to come this afternoon or tomorrow when the dashing young officer will take the stand in his own defense.

FIX RUNNERS IN SILK STOCKINGS

French Device for Darning Hose So Simple Child Can Operate It

By ALICE LANGELEIER For International News Service PARIS, April 10.—An ingenious Frenchman (or was it a woman?) has invented an article which will bring joy to many a woman. It is a little instrument which serves to mend the annoying "runners" which appear so mysteriously in silk stockings and others, often after only a few hours' wear.

Watch mademoiselle darn her stockings. You can find her in the gardens at lunch-hour, or in her office during spare moments and in every little shop when business is slack.

Darning-balls and eggs are unknown to them. They think the work is "bumpy" when they are employed. Mademoiselle uses her hand only, and her darning is as flat as can be, with the threads woven in and out to make a perfect basket-weave.

American soldiers billeted in small villages during the war, where they could see the French girl in her home, used to admire in wonder her clever work and swift fingers.

World's Educators to Attend Health Meet

NEW YORK, April 10.—Seventy-two nations will send leading educators and child health authorities to the International Health Education Conference, to be held at Oakland, California, from June 28 to July 6 of this year.

It is expected a prince of the royal blood will represent remote Siam, in the person of Prince Madiol Songkla. The South African colonies, China, Japan, the East Indies, all of the South American countries and the Levant will send delegates, along with representatives of the countries of Continental Europe.

The association, whose administrative headquarters is in this city, has dispatched 1,000 invitations abroad and anticipates hundreds of acceptances. The conference is to be held as a part of the world conference on education called by the National Educational Association of the United States.

The American Child Health Association was recently formed by the merging of the American Child Hygiene Association and the American Child Health organization of America. Herbert Hoover is the president of the new association, and Dr. L. Emmett Holt and Dr. Thomas D. Wood are its vice-presidents.

Plan Fete to Restore Versailles Beauties

PARIS, April 10.—Paris will be gay in the spring with celebrations which are now being planned in order to raise money to restore Versailles and the gardens. "Les Petes de France," under the direction of Monsieur Berard, Minister of the Beaux Arts, will extend over a period of several days and will include the best artists of France. No definite plans can be announced for the moment, but it is probable that there will be some interesting performances at the famous Opera of Versailles and in the Theatre de la Reine at the Trianon Palace. Fairy-like festivals in the gardens amid the great trees and illuminated fountains ought to bring forth a jolly big crowd and beaucoup francs.

Bear May Drive Auto Without City License

FREDERICK, Md., April 10.—Bears hereafter may feel free to drive an automobile through Frederick without a driver's license. Justice Alban M. Wood has decided that, under the law, they are not compelled to take out licenses before operating cars.

"Queen" was arrested while driving Akley's car by a special officer. Justice Wood dismissed her. Thousands of birds, flying at night, when it is cloudy, become confused and are killed when they dash themselves into monuments and lighthouses or other obstructions.

Warning Of French Air Force Increase

Sir Samuel Hoare, chief of the British air ministry, has warned his countrymen of the great increase in the air forces of the French army, asserting that in 1925 France will have four times as great an air force as Great Britain.

First National's Report Goes Well Over Million

Resources running well over the million mark are shown in the report of the First National bank in Glendale, as published today in answer to the call sent out by the comptroller of the currency as at the close of business on April 3.

The condition of the First National bank in Glendale, the directors believe, mirrors faithfully the state of the city's business, and its sphere in the southern section of the city is widening daily, as the methods that are followed by the management of the institution commend themselves to the business men of that district.

Alleged Love Trysts Cost Wife \$600,000

LOS ANGELES, April 10.—A property settlement of \$600,000 and "Jane Doe," described in court as a young woman with blonde, bobbed hair, were made a part of the records of Superior Court Judge Walter J. Wood, when he ordered entered a divorce decree granted to Mrs. Isabel Hopkins, wife of B. H. Hopkins, millionaire Colorado oil man.

Mrs. Hopkins testified to twelve alleged love trysts charged against Hopkins, the acts having taken place, she said, on steamers plying between Los Angeles and San Francisco, in a big hotel in San Francisco and in a Los Angeles apartment house.

The Hopkins were married in Colorado Springs in December, 1908, and separated in May, 1922. There are two children, J. W. Hopkins, aged 17 years, and B. H. Hopkins, Jr., aged 3. Both children were awarded the mother.

Irish Rebel Leades Ready to Quit Fight

DUBLIN, April 10.—Two Republican irregulars and one Free State soldier were killed and four Free Staters were wounded in a fight near Headford. One Free State soldier was wounded when irregulars bombed Glentarf station. Detectives in Dublin arrested a rebel captain and 12 of his followers. They located a large secret supply of munitions. The Free State made public captured documents showing that irregular leaders during March exchanged views over the possibility of continuing armed resistance.

Split in Dry Forces Seen by Resignation

SAN FRANCISCO, April 10.—A rift in the dry forces in California became public with the announcement of the resignation of William J. Gloria as legal adviser to Prohibition Director Samuel Rutter. Failure, in the opinion of Gloria to take steps to discipline "rough house" dry agents was the reason given by Gloria for his resignation. "I do not believe in methods of enforcement of the prohibition law which result in the violating of the sanctity of womanhood and the inalienable rights which are inherent to citizens in a free country," Gloria's letter of resignation declared.

PICTURES SHOWN IN CITY STORES

Work of Glendale Artists Will Be Voted on by Local Art Lovers

The fifteen paintings, miniatures and pieces of sculpture now on display in various Brand boulevard store windows between Harvard street and California avenue are part of a unique exhibit of local work being held this week under the auspices of the Glendale Art association.

Raymond Hitchcock Is Getting New Face

LOS ANGELES, April 10.—Following the lead of Fanny Ward, Edna Wallace Hopper and other notables of the stage and screen, Raymond Hitchcock is having his face reconstructed. This is the first known case of a man, other than one maimed in war or accident, undergoing such treatments.

Germans Refuse Aid To Russ Revolution

MOSCOW, April 10.—Attempts of the All-Russian Co-operatives to stir up a revolutionary spirit in the All-German Co-operative organization have failed. An interchange of notes between the two organizations has elicited a disclaimer from the Germans of any revolutionary sentiment.

Glendale Theatre advertisement for 'Jazzmania' featuring Mae Murray and Waring's Pennsylvanians.

Maniac Is Sought for Assault on Two Boys. PETALUMA, Cal., April 10.—A man hunt was under way here for a supposed maniac who Sunday night entered the home of Dr. and Mrs. E. M. Waycott while they were away at church and assaulted their two sons, Earle, aged 10, and Jack, 17. The younger boy is in a hospital with a fractured skull from which he may die, while the older boy is seriously injured. A man described as short and stocky, wearing a black beard, attacked the boys, Jack said, beating them over the head with a heavy vase.

Glendale Savings Bank report of condition for April 3rd, 1923. Resources include Loans and Discounts, United States Securities, etc. Liabilities include Capital Paid in, Surplus, etc.
